MEXICAN CONGRESS MEETS IN DEFIANCE OF WILSON

Huerta Delivers His Message and Makes a Plea for Ratification of His Acts as Dictator; Which Will Probably Be Given.

WASHINGTON STILL BELIEVES HUERTA'S ELIMINATION IS HASTENING FORWARD

Applauds Playing of "Star Spangled Banner" and Causes Comment By His Cordial Treatment of O'Shaughnessy, to Whom He Talked Privately for Quarter of an Hour—Refreshments Used at Cost of \$20,000.

Mexico City, November 20.—In defiance to the wishes of the United States, the Mexican Congress met this afternoon and General Huerta transmitted his message to the Senate and Chamber of Deputies. That both Houses will endorse the Dictator's action seems likely. President Huerta in closing his speech to Congress made a plea for ratification of his acts. He expressly stated however, that a full account of his stewardship would not be given until some future time. In this connection he said:

"This would seem a propitious moment to give you an account of the use made of the above powers, but inasmuch as it is the purpose of this Congress to pass upon them, I shall in due time and under separate distribution give you an itemized account of the use made of them by the executive to the end that if you find his action useful, you should lay the responsibility upon him who may deserve them. The present moment is extremely solemn and perhaps decisive of the welfare of the nation. Not only the eyes of fifteen million Mexicans, but those of the whole civilized world are at this time fixed upon you. Your attitude and your action shall inform our fellow citizens and future generations whether we have been right in clinging to our nationality in placing national dignity above our best interests of the moment, or, if on the contrary, instead of that attitude of intense national feeling, we should have receded before reprovable interests of unworthy ambitions. In giving you in the name of the Republic the most cordial welcome, I pray for the prompt arrival of the hour in which all Mexico may be united in close fraternity, so that we may devote our decided energies to the great and fruitful task of reconstructing our nation."

The Congress held a short preliminary session before the arrival of Huerta and Eduardo Tamariz, former Minister of Public Instruction, formally declared open. "The Second Period of the Twenty-sixth Mexican Congress. Senator Tamariz is the Catholic Deputy whose nomination as Minister of Public Instruction was opposed by the Liberal Party in the last Congress. His selection as Speaker is regarded as a further rebuke to the Deputies of the old Congress imprisoned by Huerta.

By Associated Press. Mexico City, November 20.—It was regarded here today as entirely possible that Provisional President Huerta, after having, through the ratification of the new Congress, relieved himself from the danger of being called to account for his acts by some future administration, might be brought to the point of self-elimination through the efforts of the foreign powers supporting the United States government. One of the first steps the new Con-

gress was expected to take was the ratification in entirety of the chief executive's acts as dictator, and that the two Houses would be asked to do this was plainly indicated in his message to them. The securing of this ratification of his acts is regarded to have been one of the reasons why Gen. Huerta so obstinately opposed the pressure brought to bear on him by the United States and other nations to efface himself.

The marked manner in which Provisional President Huerta displayed his cordiality toward Nelson O'Shaughnessy and the way in which he applauded the playing of the Star Spangled Banner at yesterday's reception in Chapultepec Castle, was the subject of more comment today.

Gen. Huerta spoke privately for more than a quarter of an hour with Mr. O'Shaughnessy. He informed Mr. O'Shaughnessy of the substance of his message to the new Congress and said he would send a copy to the American Embassy in advance of its delivery. At the same time Senora Huerta showed great cordiality in her reception of Mrs. O'Shaughnessy. The reception was on a very elaborate scale and the rooms were profusely decorated with flowers. The refreshments alone amounted to \$20,000.

KEEPING TAB ON NEW CONGRESS

By Associated Press.

Washington, D. C., Nov. 20.—The eyes of official Washington were turned today on the Mexican Congress and Huerta's message on his recent assumption of dictatorial power. The possibility that the new Congress might act on concessions described in advance by the United States was thought in many quarters to be a pivot on which the next move by this Government might turn. So far as can be learned, the American Government means to continue its plan of financial blockade with diplomatic pressure from without.

The closing feature of Huerta's message in which, after proposing the sanction of Congress, he added that if this was withheld and authority entrusted to another, he and his ministers were agreed in advance to accept such a result, was regarded with some significance as indicating that Huerta himself was at last recognizing the possibility of his own elimination. Some officials declared that there was no new move in prospect for the immediate future.

It was also said that no instructions of a final character had been forth to Charge O'Shaughnessy. It was regarded as possible that officials here would await Mr. Hale's return from Nogales after parleys with the Constitutionalists to gain first hand

information for making the next move.

HUERTA DOUBLES MEXICAN TAXES

By Associated Press.

Mexico City, Mexico, Nov. 20.—One of the last acts of Provisional President Huerta as Dictator before the new Congress places restrictions on his power, was an edict today making sweeping increases in international taxes of Mexico. The stamp tax which requires stamps on checks, receipts, contracts and all documents of a public nature was doubled. The tax on tobacco, alcohol and crude petroleum was heavily increased.

A measure to relieve the difficult small money problem arising out of the restriction of the silver circulation was decreed by President Huerta permitting banks of issue to put out one and two peso bills, the smallest bill heretofore in circulation has been five peso.

NO ADVICES RECEIVED

By Associated Press.

Mexico City, November 20.—Nelson O'Shaughnessy, American Charge d'Affairs declared today that he had received no further advices from the State Department at Washington regarding his future action.

CLAIRVOYANTS ARE GUILTY AS CHARGED

By Associated Press.

Chicago, Ill., November 20.—A verdict of guilty against James Ryan and C. B. Bertsche, leaders of the "clairvoyant ring" was returned in court here today. They were charged with swindling Miss Hope McElowney, of New Salem, Wis., out of \$15,000.

AIM WAS POOR

By Associated Press.

Pittsburg, Pa., Nov. 20.—Charles Dietz, an electrician today at Brad-dock, a suburb, shot his wife, his mother-in-law and himself. The trio was hurried to the nearest hospital, where a physician said Dietz would likely die but the women were not in danger.

GO TO PORTSMOUTH

By Associated Press.

Cincinnati, Ohio, November 20.—Mrs. Harriett Upton Taylor and Mrs. Zell Hart Deming, both of Warren, Ohio, Mrs. Marion Vorce of Cleveland, and Mrs. Elizabeth Houser, of Cincinnati, all Ohio officers of the Ohio Woman's Suffrage Association, will leave this afternoon for Portsmouth, Ohio, where they will hold a mass meeting tonight. The State convention closed here tonight.

HEAD-ON COLLISION

By Associated Press.

Washington, D. C., November 20.—One passenger was seriously hurt and five others slightly injured in a head-on collision early today at Earton, South Carolina, on the Southern railroad, according to advice at headquarters of the company here. The engines and express cars of both trains were derailed.

GENERAL BLANQUET

Mexican War Minister Who May Be Deposed by Huerta.

MEN CONFESS AND LEAD OFFICERS TO BODY OF VICTIM

By Associated Press.

Media, Pa., Nov. 20.—Two farm hands, R. S. Pennington and George Marsh, of Glenn Mills, Pa., arrested yesterday on suspicion of knowing something about the disappearance of S. L. Pinkerton, 26, tax collector, confessed early today that they had murdered him and buried his body, according to Delaware county police.

They were taken in an automobile to the woods where they said the body was hidden and with the aid of a lantern the police found it in a hole covered with leaves. Police say the men admitted that they attacked Pinkerton for the purpose of robbing him. His head had been crushed and the body was riddled with shot.

FEDERAL PROBE COLORADO STRIKE

By Associated Press.

Washington, D. C., November 20.—President Wilson is giving serious consideration to the mine questions involved in the Colorado strike, with a view to settlement through Federal agencies. Representative Keating of Colorado had a long talk with the President today and presented several telegrams urging Federal investigation.

BROTHERS HEAD RIVAL AFFAIRS

By Associated Press.

New York City, November 20.—Gen. Bramwell Booth, head of the Salvation army, said today that he was willing to amalgamate with the Volunteers of America, but he did not think his brother, Ballington Booth, commander of the rival organization, desired such an amalgamation. General Ballington Booth was out of the city today.

64 YEARS IN OFFICE

By Associated Press.

Washington, D. C., November 20.—With the reputation of having long been in the government service than any other man in Washington, Archie Lewis, in charge of the robbing room of the Justice of the Supreme court, died here today. He had been on the government payroll 64 years.

STEADY ADVANCE IN NECESSARIES OF LIFE

Bureau of Labor Completes Statistics Which Show Food Prices Higher Than for 23 Years—Only Three Items of Food Show Decline in Values.

REPORT COVERS 40 IMPORTANT CITIES

Announced That Maintenance of Working Men's Families Now Costs 66.1 Per Cent More Than During the Period From 1890 to 1899.

By Associated Press.

Washington, D. C., Nov. 20.—Retail prices of food were higher, August 15, 1913, than they have been at any time during the last 23 years, according to figures of the Bureau of Labor's statistical issue today. Re-

tail prices of the principal articles of food in 40 important industrial cities compiled by experts, show that during the year 12 or 15 articles advanced in price while only three declined.

Comparison shows potatoes advanced 20.6, bacon 18.8, eggs 12.6, round steak 11.5, butter 5.7, milk 2.7. Sugar declined 7.9.

When the price of each of the 15 articles of food on which the statement was based is considered according to average consumption in workingmen's families, retail prices August 15, 1913, were 66.1 above the average price for the 10 year period 1890 to 1899.

EXODUS DWINDLES

By Associated Press.

Vera Cruz, November 20.—Only a small party of refugees from Mexico City arrived here today. They reported that the feeling of apprehension there was rapidly subsiding.

Huerta and Carranza, Main Figures In Mexican Trouble

Photos copyright, 1913, by American Press Association.

FROM the time the Mexican situation became a thorn in the side of Uncle Sam, after the murder of Madero, two figures have stood out prominently across the Rio Grande. Huerta, as provisional president of the republic, at once found himself persona non grata with the Wilson administration. Expediently recognized by all the other principal governments of the world, he was refused official notice by the United States, it being held that he was not the constitutional head of the country. When the American ambassador, Henry Lane Wilson, resigned the post was left unfilled as notice to the world that the United States did not officially recognize Huerta. Through John Lind and Charge d'Affaires Nelson O'Shaughnessy President Wilson endeavored to bring about Huerta's voluntary retirement before and after the farcical election for president. The other principal figure was General Venustiano Carranza, leader of the rebels, who christened themselves Constitutionalists. Carranza was a close friend of the murdered Madero and fought Huerta's assumption of power from the start. Huerta is shown above and Carranza (marked by arrow) below in camp with some of his followers.

DETAIN TROOPS ON MEXICAN BORDER

War Officials Heed Request of Texas Congressmen.

CLASH ACROSS LINE FEARED

Diplomatic Exchanges Concluded Between President Wilson's Representative and General Carranza of the Revolutionists — British Warships Ordered to East Coast of Mexico. Huerta May Take the Field.

Washington, Nov. 20.—It is stated that the administration has no assurances of positive support from other governments for its policy in Mexico. It has only assurances that these governments will do nothing for the present pending action by the United States. With each passing day, attended by an increasing tension of the situation in Mexico, the likelihood increases that some one or more of the European governments will again inquire of the United States when positive action may be expected.

With the definite information that this government expects to let the Mexican situation drift for the present, came the announcement that orders had been issued to the British squadron in the West Indies to proceed to the east coast of Mexico. The British government had previously announced that Great Britain would send no ships to Mexico, and the move caused speculation in Washington. It was in keeping, however, with the action taken by most of the other European governments. France now has one ship on the east coast of Mexico. Germany has two on the east coast and one on the west side, while Italy and Japan are rushing cruisers to the east and west coasts respectively.

According to information that reached here from Mexico City, General Huerta will take the field against the Mexican Constitutionalists, who are sweeping all of northern Mexico.

Words of Praise

For Mayr's Wonderful Stomach Remedy

"How thankful we are to you for getting a hold of your Wonderful Remedy. My wife could not have had but a short time to live if she had not taken your Wonderful Remedy when she did. One more of those paroxysms pains she was having would have killed her without a doubt. Now she is free from all pain, free from heart trouble and free from that disturbing Neuralgia—all the results of five treatments—and the expulsion of five or six hundred Gall Stones. Now she is able to eat anything she wants and her appetite is good and before taking your medicine she had no appetite and when she ate anything she would suffer death for so doing and could not sleep at night since taking your treatment she sleeps well all night long. T. A. Neill, Roanoke, Texas."

The above letter should convince you more than anything we could say in behalf of Mayr's Wonderful Stomach Remedy. Sufferers should try one dose of this Remedy—one dose should convince them that they can be restored to health. Nearly all Stomach Ailments are caused by the clogging of the intestinal tract with mucoid and catarrhal secretions allowing poisonous fluids into the stomach and otherwise deranging the digestive system. Mayr's Wonderful Stomach Remedy painlessly removes these secretions without a surgical operation and puts an end to Colic Attacks, Gases in the Stomach and Intestines and all of the usual symptoms of Stomach, Liver and Intestinal Ailments. Ask your druggist about Mayr's Wonderful Stomach Remedy or send to Geo. H. Mayr, Mfg. Chemist, 154 Whiting St., Chicago, Ill., for free booklet on Stomach Ailments and many grateful letters from people who have been restored.

THE IMPORTANCE OF GLASSES

Is often overlooked by many who subject themselves to headaches, nervousness, etc. which might readily be overcome by wearing properly fitted glasses.

A. CLARK GOSSARD

OPTOMETRIST and OPTICIAN

SOUTH FAYETTE STREET

OLD LANDMARK IS BEING DISMANTLED

The work of dismantling one of the city's landmarks commenced this week when workmen started to tear down the old Maynard house on North street, next to the residence of Commissioner Harry Brown.

The sweep of progress has decreed that the big brick building must go to make room for other more modern structures, and Mr. Ray Maynard will erect a handsome eight-room brick residence on the southern half of the lot.

Workmen have removed most of the windows and part of the roof, and will soon have the walls ready to be removed. Regardless of the half century or more that has elapsed since the house was erected, the walls and in fact nearly every part about the house are almost as sound as the day they were erected.

The building when erected by Mr. Andrew Hamilton, father of Mr. Walter Hamilton, was regarded as the best structure in the city at the time Mr. Hamilton was one of the city's foremost business men a half century ago.

The house was later sold to the Pitzer family, and still later came into possession of the Maynard family, and has since remained their property.

FERNEAU ESTATE SELLS THIS WEEK

The estate of the late Aaron Ferneau, comprising some 200 acres and located near Bainbridge; a farm in Pike county and some lots in Bainbridge, were disposed of this week.

F. M. Ferneau, a son of the late Aaron Ferneau, purchased the Bainbridge farm, paying \$28,100 for it. A son-in-law, Mr. Head, of Hillsboro, purchased the Pike county farm and William Pensyl the town lots.

OUTRANKED BY A FOREIGNER

Will Be Commander of the American Battleship Fleet.

Washington, Nov. 20.—Informal announcements from foreign capitals of acceptance of the invitation of the United States to send ships to Hampton Roads for an international naval pageant in celebration of the opening of the Panama canal have already brought into view a disagreeable prospect. It is practically certain that whoever commands the American battleship fleet on that occasion will be outranked by the commanders of most of the European squadrons which are coming to the celebration. Word already has been received unofficially from France that the French squadron at the canal celebration will be under command of a vice admiral. The United States has no grade higher than rear admiral, so that certainly the American commander-in-chief will have to give precedence to the French commander at least.

BROTHERS MAY MEET AT LAST

Bramwell Booth, Head of Salvation Army, Arrives in New York.

New York, Nov. 20.—General Bramwell Booth, head of the Salvation Army, arrived in New York from a tour of Canada and the middle west. He was greeted by 2,000 uniformed men and bonneted women. Then the general was shot through a side entrance of the station into a taxicab. The party had dinner with officers at the army headquarters and later attended an officers' council.

The rumor persists that Bramwell Booth and his brother Ballington, head of the Volunteers of America, will meet for the first time in 17 years while Bramwell Booth is in this city.

CLUBHOUSE FOR SERVANTS.

Mistresses Provide a Place For Them to Receive Their "Steadies."

Los Angeles, Cal.—The hired girl problem approached one step nearer solution in the announcement that the Friday Morning club, the largest woman's organization in Los Angeles, would establish a home club for domestics.

This home club, which is to be established in one of the most fashionable residence districts, is to be a little like a woman's club, but more like a man's. There will be opportunities for culture, of course, but there will be also places to eat and, more important still, parlors to entertain in.

Hired girls, therefore, when they join the club, need not be compelled to entertain their "steadies" in the kitchen.

WEDDING SOLE TOPIC AT CAPITAL

Washington, Nov. 20.—There remains to special Washington just one subject for conversation—the White House wedding, on Nov. 25, in which Miss Jessie Wilson and Francis B. Sayre will be the principals.

Everybody is busy finding places to put the numerous gifts, for every moment of the day they are pouring in from everywhere, and even the enlarged White House is inadequate to meet the growing demand for space. Among homely gifts are a five-bushel case of Bermuda onions, marked from "an unknown friend," a huge box of finest home-made "soft soap" and quantities of jellies, preserves, pickles, chowchow, chili sauce, grape juice and jam.

After much deliberation the senate finally selected the inscription for the central tray of the \$1,000 silver service. It will read: "Jessie Woodrow Wilson, from the senate of the United States."

Since there were only about 400 invitations sent out all the members of the senate and house could not be invited, so the plan was adopted to invite only the party leaders, the presiding officers and the representatives from New Jersey in congress.

CANCEL TRIP FOR POODLE.

Women Grow Angry When Men Classify Dog as Baggage.

Kansas City, Mo.—A 3,000 mile trip and a winter's stay in southern California were given up by Mrs. J. C. Wilkshire and her daughter when they were told that Rags, a fat, much petted poodle, twelve years old, would have to ride in the baggage car.

Mrs. Wilkshire argued and pleaded in vain and ended the scene by turning her tickets back to the company and canceling her orders for accommodations.

PRISONERS TO KEEP NAMES.

Number System and Lettered Uniforms Abolished at Atlanta.

Atlanta, Ga.—As a result of the efforts of Warden Moyer, which have met with the approval of the department of justice, prisoners at the Atlanta penitentiary hereafter will be known by names instead of numbers, and their uniforms no longer will bear the letters "U. S. P.," branding them as United States prisoners.

Announcement of this radical departure from prison custom was made by Good Words, the paper which is edited and published in the penitentiary. While each prisoner's clothing will bear his registration number, it will be for identification only and will be concealed from sight.

REVEALS SECRET MARRIAGE.

Mrs. Phillips of New York Was Wedded Last December.

Wilmington, Del.—Mrs. Edith Sloan Phillips of 102 West Forty-first street, New York, called the Rev. George L. Wolfe by telephone and asked him to announce her marriage on Dec. 18 last to Wallace B. Phillips. The couple were wedded here by Mr. Wolfe.

"Wasn't your marriage published at the time?" the preacher asked.

"No," was the answer.

The woman would not give her reason for desiring the belated announcement. She said her husband was from Greensboro, N. C.

"Hooliganism"

If any credence is to be given to the Russian press, the condition of Russia has become akin to a "reign of terror," under what is known as "Hooliganism."

Murder and rapine are the prevailing elements in this social and moral anarchy and violence, which is producing a condition of chaos.

Magistrates and police seem powerless to check the vast wave of lawlessness which is sweeping over the Czar's country. The term "Hooliganism" is defined in a newspaper of St. Petersburg: "Hooliganism as a mass phenomenon is wholly unknown in Western Europe. The 'Apaches' who terrorize the population of London and Paris are people with an entirely different psychology from the hooligan."

Alcoholism, ignorance and political disability, no doubt, contribute towards its growth, but the fundamental cause is the lack of ideals, the absence of any moral basis.

Nothing human or divine restrains the destructive frenzy and the untrammelled will of the hooligan. There are no moral laws for him.

All over Russia is the same growth of 'hooliganism' and the terror in which the hooligans hold the populace.

It is no secret that the army of criminals increases constantly. The police are organizing in the struggle with crime, a struggle which is beyond their strength. Prisons are congested to the breaking point.

Not 'hooliganism,' but anarchy. This is the real name for the plague which has invaded the villages and is invading the cities.

A condition that calls forth such terrible pen pictures from the trammelled press of Russia must be terrifying beyond words, and gives startling proof of the degeneracy of a nation which discards the belief of centuries and is without moral or religious support.

Mud Slinging Is Preventing Our Industries From Expanding

Distrust
Has
Scared
Capital
Away

Wealth
Honestly
Acquired
Is No
Crime

By ELBERT H. GARY, Head of the United States Steel Corporation

UNNECESSARY agitation, demagoguery and mud slingings are preventing the normal expansion of the country's business and industries.

UNDOUBTED PROSPERITY FOR THE NATION LIES IN THE FUTURE, BUT AT THE PRESENT TIME DOUBT AND DISTRUST HAVE FRIGHTENED CAPITAL AWAY FROM MANY ENTERPRISES; ALSO THE TENDENCY IN PUBLIC DISCUSSIONS TO TREAT SUCCESS AS AN OFFENSE AND TO CONSIDER THE POSSESSION OF WEALTH, HOWEVER HONESTLY ACQUIRED, AS WRONG IS A PRESENT DAY EVIL WHICH IS HAVING A BROAD INFLUENCE ON THE RELATIONS OF CAPITAL AND LABOR.

Capital, always timid, has been SERIOUSLY AFFECTED by this unreasonable and uncalled for agitation and attack. It is becoming almost impossible to obtain on fair terms, on good security and at a reasonable rate of interest the nec-

essary capital to equip or liberally maintain going and successful properties, to say nothing of the additions and extensions which the interests of this great and growing country demand.

The stability of business, which is essential to its proper and reasonable growth and success, has been INTERFERED WITH. Our great and growing population can use our products. It needs food and clothes and material to build, and it is willing and anxious to buy them. It is in need of railroads and ships with the best equipment to carry these products from one point to another, and it is willing to pay fair rates for the service. Laborers are willing to work at a reasonable wage, and employers are anxious to furnish work and to pay liberal compensation. Producers in all departments of industry wish to satisfy the demands for their products at fair prices. And those who are able are quite READY TO FURNISH THE NECESSARY CAPITAL provided they can be certain of protection against loss or risk.

Poetry For Today

MY JEWELS.

(For the Transcript)

O Lord, I hold most truly dear
Those friends thy love has given,
Who once were toilers with me here,
And now they rest in heaven.

I own they were but jewels lent,
Sent from thy hand to me
To teach my doubting temperament
How pure thy gold can be.

But while they were set round with
years,
I thought them wholly mine

Yet Lord, I praise thee in my tears
That they are mine and thine.

Thine to possess and keep for me
Through all "the little while"
Till I again their beauty see,
And greet their gentle smile.

And so I lay each jewel by,
Nor grieve and grieve again,
Content, since it shall ne'er come nigh
Earth's tarnishment of pain.

But in my mansion-home above
It shines with sweet surprise,
Disclosing there a mortal love
Fit for immortal eyes.

—John Philo Trowbridge

Weather Report

Washington, D. C., November 20.—Ohio—Generally fair Thursday and Friday. Somewhat colder Thursday in north; moderate to brisk south-west and west winds.

Kentucky and Tennessee—Fair Thursday and Friday.

West Virginia—Partly cloudy Thursday and Friday.

Ohio—Somewhat colder; fair in north portion.

FISKE THREATENS TO SUE DEFAMERS

Clubman Not Identified as Bandit Who Held Up Trains.

San Francisco, Cal., Nov. 20.—The Southern Pacific detectives are put in a peculiar position by the failure of railroad officers and others whom they expected to identify Edward Fiske, a clubman of Burlington, as the bandit who committed several daring holdups on the line during the last week.

Fiske admitted that he had to leave Detroit because he was caught stealing money from the lockers of an athletic club to which he belonged. He also could not explain how he makes a living, except to say that he sells automobiles on commission. The railroad company arrested him as a suspect, but the conductor of one train that had been robbed and the mail clerks of another on which he is suspected of looting the mail car have refused to identify him positively.

Fiske, who was granted a writ of habeas corpus, now declares he will sue the Southern Pacific for damages for his arrest and humiliation.

INTERESTING BITS OF NEWS

(By John E. M. Kerr.)

Under a ruling of the postoffice department the Thanksgiving turkey may be shipped by parcel post if it does not weigh more than 20 pounds and is not more than 72 inches in length. It may also be sent more than 150 miles from the starting point. As turkeys are rather scarce in the towns and cities farmers are generally sending them by parcel post to their friends.

"Ford's Folly" is what they used to call the gasoline engine of Henry Ford when he was assistant engineer at the Edison Illuminating Company plant in Detroit. He was a Michigan farm boy but he always liked machinery and had long dreamed of this engine. He is now to pay the third largest income tax in the world, it is said. He brought his ideas of the engine to success and began to manufacture automobiles. He is a great lover of nature and harks back to his early days in the ownership of a large farm, part of which is entirely given over to birds and animals.

One of the significant developments of the evening high school for men in New York is the teaching of shorthand in Spanish. It is expected that the opening of the canal will cause such an advance in trade with South America that Spanish stenography and commercial correspondence will be in demand. The teachers have all been in active South American trade.

North Carolina once was really famed for its gold. In 1804 it was the only state in the Union in which gold was obtained, for the western El Dorado was not yet known. A 28 pound nugget was found there in 1803 and in 1799 a 17 pound nugget was an amazing treasure. During the first half of the 19th century it was a mining state of first importance. Then the output dwindled and in 1902 the total minerals had fallen in value to less than \$100,000. In 1908, however, there were over \$2,000,000. In 1837, Charlotte, N. C. supported a branch mint owing to the extreme difficulty in transporting the gold to the mint at Philadelphia.

The first big sale of Philippine timber has just been announced by the bureau of insular affairs of the war department. The forest officers of the Philippines state that the islands contain 200 billion feet of merchantable timber and are offering a 20-year concession which gives exclusive rights to a tract comprising 95,000 acres, which contain nearly 2 billion board feet of timber. It is required that the successful bidder keep up a certain minimum output which starts with 15 million board feet and increases to an ultimate output of at least 21 million per year. Modern equipment must be provided and also a complete fire patrol system for the prevention of fires and trespass.

The great advance in the manufacture of iron and steel is shown in the newest steel mills of the United States Steel Corporation, located near Superior, Wis. Before the plant is finished \$30,000,000 will have been expended. The plant covers 1600 acres of land along the St. Louis river and is about 2 miles from the city limits. A belt line railroad 14 miles long extends from the plant around the city of Superior to the docks of the steel corporation. The plant will produce rails, channels, shaper, bar, billets; in short all the usual products of a merchant mill. 90 ovens will be used in making coke tar, ammonia, and other chemicals while a vast quantity of gas produced will be utilized in gas engines and as fuel in the blast furnaces. Mammoth electric cranes have been installed, several of which are built to handle 200,000 pounds at a load.

The post office department has no authority to discontinue the sale of postage stamps through slot machines maintained in hotel lobbies, stores, news stands or other places of business, according to a decision reached by the postmaster general.

Mrs. Satterlee, of New York, a daughter of the late J. P. Morgan, has supplied funds to equip a model flat for St. George's Memorial House for the purpose of providing a suitable place where girls may be taught housekeeping and make the city girls competent housewives. The course of instruction covers 26 weeks.

IMPERIAL REBEKAH LODGE.

Regular meeting of Imperial Rebekah Lodge No. 717 at I. O. O. F. hall, Thursday evening, November 20 at 7:30. Nomination of officers. After business a program and social hour will be spent in social room.

LULU LARRIMER, Secy.

Bell System

ANY of your customers reach you through your telephone, but if they must wait repeatedly because your telephone is busy, they may turn to your competitor who has provided more ample facilities. Telephone service costs so little that it is the poorest economy not to have enough to handle your business. We will, on request, check the busy-signals on your line and tell you the number of calls you are missing.

A GLIMPSE BACK THROUGH YEARS

(John E. M. Kerr.)

June 27, 1872.

Read at the Pioneer Picnic:

This wilderness was our abode,
Full forty years ago;
And when we wished good meat to eat,

We shot the buck or doe;
For fish we used the hook and line,
We pounded corn to make it fine,
On Johnny cake our ladies dined,
In this new country.

Our paths were through the wind-
ing road,
Where oft the savage trod;
They were not so wide, or scarce a
guide,

But all the ones we had;
Our homes were built of logs of
wood,
Built up in square and calked with
mud,
If the bark was tight the roof was
good,
In this new country.

The Indians oft times made us fear
That there was danger night;
The shaggy bear was oft times
where
They heard our children cry;
The rattle snake our children
dread,
Our fearful mothers oft times said
Some beast of prey will take my
babe,
In this new country.

Our occupation was to make,
The lofty forest bow;
With axes good we chopped our
wood,
For well we all knew how,
We cleared the ground for rye and
wheat,
For strangers and ourselves to eat,
From the maple trees we drew our
sweets,
In this new country.

Of deer skins we made mocassins,
To wear upon our feet;
For checkered shirts we thought
were fit
Good company to meet;
And when we wished a visit to pay,
In winter's night or winter's day,
The oxen drew our ladies' sleigh,
In this new country.

We lived in social harmony,
We drank the pearly stream;
No doctor, priest or lawyer then,
Was scarcely to be seen;
Our health it needed no repair,
No pious man forgot his prayer,
Oh, who would be a lawyer there
In this new country.

The little thorns bore apples on,
When mandrakes they were gone;

And sour grapes we used to take
When frosty nights come on;
For wintergreen our girls did stray
For butternuts, boys climbed the
tree,
And spice wood was our ladies' tea,
In this new country.

MUCH MARRIED

Telegrapher Said to Have Several Wives, One in Newark.

Pontiac, Mich., Nov. 20.—David Devine, who married Eleanor Mae Nolan of this city when he is alleged to have had wives in different cities, was arrested at Cleveland. Devine was a telegraph operator here and in Detroit. It is said, under assumed names, Devine had married girls in Pontiac, Newark (O.), Philadelphia, Chicago and New York. He was trapped by means of a decoy letter.

TO REBUILD WASHINGTON HOME TELEPHONE SYSTEM

Contractors McMeen & Miller, of Chicago Will Have Charge of Construction of New Plant Here, According to Information Given Out By President Davis.

Pleasing News for Washington and Fayette County Citizens Who Have Long Wished for Modern Equipment of Local Phone System.

NEW AUTOMATIC PHONES MAY SUPPLANT THE OLD.

Improvement Costing Tens of Thousands of Dollars Is Expected to Start in This City Within Short Time—No Consolidation With Bell Anticipated for Several Years.

From Columbus comes the announcement upon good authority that the entire plant of the Washington Home Telephone Company is to be rebuilt and brought up to a splendid standard of efficiency, and that the work will be under the supervision of the well known contractors, McMeen and Miller, of Chicago, who were in this city some little time ago and made a careful examination of the entire system of the company in this city and county.

The local company is a branch of

the Columbus Citizen's Telephone Company, as a result of a deal made some three or four years ago when the Morgan interests purchased a number of independent companies throughout the state.

Just when the work will start here, has not been announced, but the new system will probably be the automatic, and a large amount of the wiring in the central part of the city will be placed underground.

What the result of the new system will be in connection with the Bell plant in this city and county, is merely a matter of conjecture, but a consolidation of the two plants is not at all probable for a few years to come, although it is rumored that a consolidation will eventually be brought about.

Regarding the rebuilding of the local plant, Ed M. Tharp, formerly of this city, in Thursday's State Journal, says:

"That independent telephone companies of this state are by no means biding the time when they may absorb or be absorbed by their competitors, is made plain by the extensive program of reconstruction, extension and improvement that is being worked out. Announcement was made

yesterday by President Frank A. Davis of the Columbus Citizens Telephone company that the plant owned by this company at Washington C. H. is to be completely rebuilt and extended. It is expected that when the reconstruction is finished, the plant will be one of the best equipped in the state. In that city the Bell interests have been aggressive in making improvements and extensions and has been a strong competitor. The independent plant has experienced a healthy growth, and, when rebuilt, will provide a much higher standard of service.

The reconstruction will be under the supervision of the telephone engineering firm of McMeen & Miller of Chicago. This is recognized as one of the foremost firms in this field. The plans for the reconstruction have been made by President Miller of the engineering concern and the work will be under his personal direction. McMeen & Miller have been contracted with to make an investigation and tests of the properties of a large number of the leading independent plants of the state, particularly where there is Bell competition, and prepare plans for the development of the properties.

The local plant of the Citizens Telephone Company will be thoroughly tested by the engineers and its service and development possibilities investigated. McMeen & Miller's telephone experts were brought to Ohio shortly after the flood, and it is expected they may be engaged in this state for the next year or two in rehabilitating or mapping out development for independent properties."

POOR GRASSHOPPER IS UNABLE TO HOP

Sedalia has not beheld a Grasshopper train since last Saturday, and previous to that the trains had been few and far between for a week or ten days. As a derailed car stands between Jeffersonville and Sedalia, and has been there, blockading the track for several days.

No coal, express, freight, or anything has reached Sedalia over the road since Saturday, and the outgoing corn and stock at Bookwalter and Sedalia is no longer "outgoing". It is "incoming."

Jeffersonville merchants are also protesting because a freight car containing perishable goods from the Dahl-Millikan company of this city, was set off at the lower end of the yards Tuesday morning and could not be reached until Thursday morning.

NEW TIME CARD ON THE B. & O.

Some radical changes in the time of passenger trains on the B. & O. railroad go into effect Sunday, November 24th.

Beginning November 30th, west-bound passenger train due here at 8:23 a. m., will arrive 44 minutes earlier, or at 7:39 a. m.

East-bound passenger train No. 108, due here at 4:35 p. m., will arrive at 5:53 p. m., or one hour and 18 minutes later than at present.

East-bound train No. 106, due here at 11:06 p. m. will be sixteen minutes earlier, arriving at 10:50 p. m.

PLAN TWO CLASSES OF LOCAL WOMEN

All women interested in the physical culture class just starting in this city will be present at the K. of P. building tonight at 8:30 for the opening exercises of the class, or for making arrangements to enter an afternoon class which will be formed to accommodate those who cannot attend the night class.

Three or four score women will probably take part in the first actual work of the class which will take place under the supervision of Physical Director McClung, who is regarded as one of the best directors in the state.

ATTENTION.

Comrades of R. B. Hayes Post, G. A. R., regular meeting Friday evening, November 21 at 7 o'clock. A full attendance desired as officers to be nominated and other important business to transact. By order

B. H. MILLIKAN, P. C.
W. H. HUGHES, Adjt.

HAND FROM THE DARKNESS SIEZES WOMAN'S CLOTHING

Mrs. Jerome Taylor, Residing on the Circleville Pike, Has Horrifying Experience Last Night.

HURLS PLATE AT BRUTE WHO GRABBED HER APRON.

Entire Neighborhood Aroused Over Repeated Attacks Made by Unknown White Man Who Has Been Skulking About Under Cover of Darkness Frightening People Almost Out of Their Wits—Threats of Rough Handling Made If Man is Caught at His Nefarious Work.

The entire neighborhood of the Taylor Dairy, east of this city on the Circleville pike is greatly aroused over the actions of some unknown white man who has been prowling about after nightfall, and threats of rough handling are freely made, if the man is captured in his nefarious acts.

His latest nocturnal visit was made Wednesday evening shortly after night-fall, when he secreted himself just outside the doorway at the residence of Mr. and Mrs. Jerome Taylor, and when Mrs. Taylor stepped outside with a plate of food for the cats, the villain seized her by the apron and nearly frightened her into hysterics.

Mrs. Taylor had thrown open the back door and stepped out upon the walk with the plate in her hands, when a hand from out the darkness suddenly reached across the light pouring through the half open door, and seized her by the apron.

With a scream Mrs. Taylor tore herself free from the muscular hand which had seized her, and hurling the plate at the brute, she sprang through the doorway back into the house, while the rascal who had seized her fled in the darkness and made his escape before Mr. Taylor, who had been summoned by his wife's screams, could successfully pursue him.

Mrs. Taylor became ill from the nervous shock and was unable to sleep the remainder of the night, and Thursday morning was still very nervous from her fright.

Soon after the affair had happened Mr. Taylor summoned an officer from this city, and although the officer made a careful search about the neighborhood he could locate no suspicious characters.

A stranger has been hanging about the neighborhood for several days, it

seen the fellow skulking about after night-fall, and all are anxious to capture the man and bring him to justice.

YOUNG MEN'S CHORAL CLUB.

The Young Men's Choral club will have as its object the training of young men in vocal music and a social and athletic side, which will be an earnest endeavor toward the uplift and a high standard of living at all times. The object of benefit given by Mr. Charles Johnson at the Wonderland, November 21st, is to create a fund to furnish suitable and modest quarters for the club. If you are in sympathy with the movement purchase a ticket of the young men when they call on you.

Mr. L. F. Thomas, of New Holland, is a business visitor here today.

TAKEN TO HOSPITAL

Mrs. R. R. Kibler entered the Hodson hospital Thursday to undergo a severe operation Thursday evening or Friday morning.

THREE OCTOGENARIANS

A gathering of three octogenarians is indeed something out of the ordinary, but it happened Tuesday at the home of Mr. John Deere, on the Snowhill pike.

It was the day of Mr. Deere's sale and taking dinner with him were Mr. C. H. Johnson, of Selden, 84 years of age, and Mr. Thos. Wellington, of Staunton, 85 years old. Mr. Deere

is so near four score, being 76 the 22nd of this month, that he is licensed to make the third.

The day was much enjoyed, as was also the excellent dinner.

Mr. Deere held quite a successful sale, disposing of his farm stock and implements in order to move to town.

ENTERTAINS W. C. T. U.

Mrs. Luther Cockerill and Mrs. Frank E. Haines gave hospitable entertainment to the Sugar Grove W. C. T. U. Wednesday afternoon at the home of the former.

It was "Mothers' Meeting Day" and there was a large attendance.

Interesting readings were given by Mrs. Haines, Mrs. Clark Post, Mrs. Harry Silcott, Misses Edith Moore and Ivah Haines.

FRANK L. STUTSON

In Social Circles

MISS FLORENCE USTICK, SOCIETY EDITOR

The second of two "500" parties which have enlivened the social calendar this week, was given by Mrs. Frank Perill and Mrs. O. T. Grafton Wednesday afternoon.

The second affair was the facsimile of the first, in decorations and all handsome appointments, and both were among the prettiest affairs of the fall season.

The bizarre fashions of this season were given quite an exposition in the number of stunning new costumes among the forty guests.

Mrs. Perill's gown was a very elaborate one of canary satin, with trimmings of fox fur, gold lace and rose velvet.

Mrs. Grafton wore a handsome gown of blue charmeuse, which shimmered through a minaret tunic of black lace caught at the back with rhinestone buckle, and trimmings of martin fur.

In the receiving line was Mrs. Perill's attractive guest, Miss Edith Deffen, of Greenfield, wearing Alice blue raitine, with brocaded vest and lace frills.

Assisting in the cordial hospitalities of the afternoon were Mrs. Chas. Lewis, Mrs. Alice Moorman and Miss Hazel Flowers.

Mrs. Willis Jones, of Mt. Sterling, was an out-of-town guest.

Mr. Grover Carson and Miss L. Elita Snyder were quietly married in Delaware, Wednesday afternoon, November 19.

The bride is a charming young girl of near Delaware, and known in this city, while the bridegroom is a well-known young man of Washington C. H.

Mr. and Mrs. Carson will spend a week or two with friends and relatives in Delaware, after which they leave for Indianola, Florida, where they will spend the winter, probably returning in the spring.

Mr. and Mrs. Carson take with them congratulations and best wishes from many friends, both in Washington and Delaware.

Mrs. Frank Hutson, of Bloomingburg, was a most cordial hostess at the weekly meeting of the Young Ladies' Embroidery club of Bloomingburg.

Fifteen were present and thoroughly enjoyed the afternoon.

Mrs. Hutson served an elaborate lunch.

The Thursday Kensington club was indebted to Mrs. Anda Henkle for hospitable entertainment this afternoon.

The Presbyterian Church Missionary society met Wednesday afternoon with Mrs. Frank Fullerton. The topics of the day were "Mexicans in the United States" and "Latin-America". After the opening service by Mrs. Morgan, president, the treasurer gathered the mite boxes, contents of which were to help the Indian fund. Interesting letters had been received from Wasatch academy, Utah, in response to a box of dormitory supplies.

Mrs. Cary Persinger presented a fine paper on the "Mexicans in the United States," as they are today. The needs and demands from the 300,000 Mexicans in Texas; the call to help make good citizens of the many thousands also in New Mexico was emphasized and the special needs of this Spanish-speaking race. Mrs. Walker gave a very interesting paper on "The Power of the Printed Bible." Some of the points were telling, as reference to a meeting in Canton, China, where 825 Chinese young men pledged themselves to read the Bible every day and to live in accord with its precepts. Reports of shipment last year by the American Bible society of seven tons of Bible to South America, and in ninety-six years of

its existence has sent out over ninety-four million Bibles. No other book has such a record.

Miss Mazie Kessler gave a beautiful violin solo; Doris Willis added to the program by a pretty reading, and Mrs. Robinson a sacred piece of music.

Mrs. Fullerton and the assisting hostesses, Mesdames Shoop, Willis, Kerr, Crawford, Persinger, Weller, Wilkins, Butcher, Carson, Wigginton and Miss Kessler, served a delicious collation during a pleasurable social hour, which followed the program.

Mr. Curtis Ortman and Miss Iva Cummings were married by Elder Walter Yeoman, at his residence, Wednesday afternoon at 4 o'clock.

The bridegroom is the son of Mrs. John Ortman, of Gregg street, and the bride the accomplished daughter of Mr. J. E. Cummings, the well known Fayette county school teacher and wife.

Both young people have a large family connection. Many friends in town and county who will learn of their marriage with interest.

For the present they will reside with Mr. Ortman's mother.

The Elks will hold their formal opening dance in the new club rooms on New Year's eve.

Messrs. Arthur Burgett and Gerrie Spragg, of the social session committee, are now completing arrangements which will again make the Elks' annual New Year's ball the brilliant society event it has been for many years.

PERSONAL PARAGRAPHS

Ray Mereson went to Columbus this morning to visit his cousin, Clair Mereson.

Mr. H. H. Brown is in from Indianapolis, Ind., for a short stay.

Mrs. James Ford and Mrs. Katharine Fortier are in Columbus today to see "Peg O' My Heart" at the Great Southern theater.

Mrs. Edgar Snyder is spending the day in Columbus.

Mrs. Willis Jones has returned to her home in Mt. Sterling after a short visit with Mrs. Alice Moorman.

Miss Lucy Smith returned to her home in Jamestown Wednesday, after a short visit with Mrs. Loren Sever.

Mrs. Matthew Timmons and daughter, Mrs. Fred France, of Indianapolis, Ind., are the guests of Mrs. Timmons' sister, Mrs. Fred Backenstoe and family.

Mrs. W. W. Davies is spending a week with Prof. Davies, in Delaware.

Mr. and Mrs. Harry Taylor are guests of the latter's sister, Mrs. Frank Hutson, at Bloomingburg today.

Rev. John L. Gage, who has been visiting his son, Rev. Wm. Boynton Gage, left today for a visit in Cleveland before going to Huron, S. D., where he will spend the winter with his son, President H. M. Gage, of Huron college.

Mrs. Jos. Gillespie went to Columbus Thursday to visit her sister, Mrs. C. F. Turney.

Skating Rink, Saturday morning, 9:30 to 11:30, for children, 15c. Afternoon skating for all, 15c and 25c.

NEW \$20,000 HARDWARE STORE FOR WASHINGTON

Within the next 30 days a new \$20,000 hardware company will open for business in this city, in the spacious business room in the Odd Fellows' Temple, corner Fayette and Market street, and Mr. Elmer Junk, formerly engaged in the hardware business here, but for two years engaged in a similar business in Xenia, will have charge of the new store.

The Odd Fellow room was leased this week by Mr. Junk and his partner, Mr. G. A. Willett, of Xenia.

In opening the store here the two men will not abolish their store in Xenia, but have incorporated the Greene County Hardware Company for \$20,000, and will also incorporate the local company for a similar amount.

By having two large stores on the same railroad, the owners expect to buy their stock to much better advantage than they could for one store.

Mr. Junk, who was in this city Thursday, stated that the store here will open within the next thirty days and that all employees, including

salesmen, stenographer and bookkeeper, will be local citizens, who have not yet been obtained.

Mr. Junk intends moving his family back to this city within a short time, but will divide his time between the local store and the one in Xenia.

The Xenia Gazette has the following mention of Mr. Junk and his partner:

"Messrs. Junk and Willett who will be the chief stockholders in the two companies have been in business in Xenia for two years and in that time have impressed the public by their progressiveness. Both are thoroughly trained hardware men, having been in the business practically all their lives. Before coming to Xenia Mr. Willett was for ten years the Ohio representative of the Racine Sattley Company, manufacturers of buggies, wagons and implements. Mr. Junk was for ten years employed by The International Harvester Company and for two years was president of the Dice-Mark Hardware Company of Washington C. H."

SYRIAN WOMAN WANTS ALIMONY

Jamalle Thabit, who was sued for divorce some few months ago by Allis Thabit, but which proceedings were later dismissed when the defendant withdrew his petition, has now filed suit against her husband, asking for reasonable alimony, an order restraining him from doing her injury, and custody of three small children. Mrs. Thabit claims that since the former proceedings were dismissed, the defendant has failed to provide for herself and children and has threatened her.

In the absence of Judge Carpenter, Probate Judge Allen issued a restraining order as prayed for.

Attorney John Logan represents the plaintiff.

MRS. H. R. McVEY DIES IN SIDNEY

Friends here have received word of the death of Mrs. H. R. McVey, wife of Supt. McVey, formerly of the local schools, now superintendent of the Sidney schools.

Mrs. McVey has been seriously ill since last July, and, after much suffering, answered the eternal summons Tuesday night at 8:30.

She was a lovely woman, who made and retained warm friends in this city, and whose death will be learned with much regret.

Funeral services were held Thursday morning at nine o'clock. The remains will be taken to Mrs. McVey's old home at Somerset Friday, for interment.

Skating Rink, Saturday morning, 9:30 to 11:30, for children, 15c. Afternoon skating for all, 15c and 25c.

MILADY ARRAYS HERSELF NOW IN LEOPARD SKINS

This sumptuous fur coat is of leopard skin, with collar and cuffs of fox. It is not only a smart and modish wrap for street wear, but makes a handsome motoring coat.

Christmas Shopping Made Easy for You

IT ISN'T the price that makes the gift worth while, but good taste in selection, irrespective of cost. This idea of combining inexpensiveness and quality is a feature of our holiday merchandise.

HITE ROAD LAW PASSES COURT

Road Fund Must Be Raised By
Taxes Levied This Year.

SO RULES OHIO SUPREME COURT

Contention of the Hamilton County Budget Commissioners Not Sustained and They Are Ordered to Make the Road Levy—Decision Means That Half-Mill Special Tax Must Be Included in Current Levies.

Columbus, O., Nov. 20.—Ohio's supreme court has decided that the sum of \$3,400,000 for market roads must be raised by taxes to be levied this year. The court ordered the issuance of a peremptory writ to the Hamilton county budget commissioners to make the half-mill road levy as required by the Hite good roads law. In so doing the court not only held that the half-mill special tax must be included in this year's levies, but held the Hite law to be constitutional and valid. This important decision was concurred in by all the members of the court except Judge Wanamaker, who did not participate in the case.

In June the Hamilton county budget commissioners, namely, Mayor Hunt, Prosecuting Attorney Thomas L. Pogue and County Auditor R. E. Edmundson, refused to make this levy, on the ground that the Hite law was subject to referendum and so would not become operative until after the expiration of the time within which the budget for 1913 must be taxed.

State Auditor A. V. Donahey brought suit to mandamus the budget commission. Attorney General Hogan, Special Counsel Clarence D. Laylin and Smith W. Bennett, counsel for Mr. Donahey, contended that the Hite law, as it made a tax levy, was exempted from referendum, and was in operation at the time the various budget commissions met in their respective counties in June.

The law was enacted April 15. It levies one-half mill tax, wholly outside the Smith 1 per cent tax limit, for a state highway improvement fund, 75 per cent of which is to be used by the state highway department for construction, maintenance and improvement of highways; 25 per cent to be used to build "main market roads." Most of the county budget commissions made the levy provisionally.

The Hite tax is in addition to all other levies and is outside both the 10-mill and 15-mill limitations.

Mayor Cured; Skin Cleared By D. D. D.

Mayor Chapman of Ellis, Kansas, courteously says he will answer any letters written him relative to his truly marvelous cure of skin trouble with the D. D. D. Prescription.

Mayor Chapman writes: "I think how I suffered last winter, how I could do no work. I was covered with terrible blotches, sometimes weeping water, sometimes worse, blotches sometimes 10 inches in diameter. FEARFUL ITCHING. It was only accidentally that I learned of the famous specific D. D. D. I write this in all gratitude for what D. D. D. has done for me." Results from the use of D. D. D. are immediate. The first, soft, cool touch and the itch is gone!

Pimples, rashes, dandruff, disappear over night. Hard crusts and scales, raw scorching sores, salt rheum, tetter, no form of skin disease resists.

All druggists have this famous specific on hand.

If you will come to us we will sell you the first bottle on the guarantee that it will reach your case or your money refunded. You alone to judge. Ask also about D. D. D. Skin Soap, best for tender skin.

A. THORNTON & SON.

CLAIM THE C. & O. WILL GET D. T. & I.

From Ironton comes the information that the C. & O. will soon complete a deal for taking over the D. T. & I. railroad in order to take a direct route to the Great Lakes may be secured.

It is further claimed that the engine recently "loaned" to the D. T. & I. by the C. & O. will never be returned to the C. & O., and that as soon as the deal is completed, improvements will be made on the D. T. & I. and through trains run over the two roads.

For some time the rumor has been afloat that the C. & O., of which D. T. & I. Receiver George P. Johnson, is general manager, has been after the D. T. & I.

C. & O. engines are now passing through this city over the D. T. & I. every day.

COCKEREL DEMAND EXCEEDS SUPPLY

Owing to the fact that the demand for White Leghorn cockerels from the poultry department, Ohio State University, has far exceeded the supply, many of the requests already received and further requests will have to be turned down. Soon after the announcement went out through the extension department that pure bred cockerels could be secured from the University at a cost of 50 cents and express charges, hundreds of requests poured in from both country and city districts. As the plan of the offer was to distribute better blood among farmers' flocks, those sent out were delivered to the rural districts and distributed as fairly as possible. This number, however, could in no way fill the flood of orders which were received and many will have to be returned to the people who sent them.

Catarrh Cannot Be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly upon the blood and mucous surfaces. Hall's Catarrh Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrh. Send for testimonials, free.

FIRST TRIP OF MOTOR BUS SATURDAY

Mr. Geo. W. Baker, of this city, states that the first trip of the motor bus between Jeffersonville and South Charleston will be made Saturday instead of Friday, as the paint on the vehicle had not dried as quickly as anticipated.

The bus will arrive from Springfield in time to leave Jeffersonville on its first trip, at 12:00 o'clock Saturday, and thereafter will make two round trips in the forenoon and three in the afternoon.

A number of other traction owners will be on the bus on its initial trip, with a view to installing a like service to "feed" their lines.

The new bus is a beauty and cost approximately \$5,000.

If the venture proves the success that is expected, Mr. Baker may extend the service to this city by adding another bus to his equipment.

SUES TRUSTEES

Ada, O., Nov. 20.—Daniel Best of Pitsburgh, Pa., has filed suit against the trustees of the Ohio Northern university here for damages for injuries suffered from the premature discharge of a cannon on the campus of the college on May 3 last. Best was assisting in firing a salute to Governor Cox and received a blast of flame in his face.

WASHINGTON C. H. DRUGGIST HAS VALUABLE AGENCY

F. Christopher, druggist, has the Washington C. H. agency for the simple mixture of buckthorn bark, glycerine, etc., known as Adler-i-ka, the remedy which became famous by curing appendicitis. This simple remedy has powerful action and drains such surprising amounts of old matter from the body that JUST ONE DOSE relieves sour stomach, gas on the stomach and constipation almost IMMEDIATELY. The QUICK action of Adler-i-ka is astonishing.

TAFT JIBES AT PRES. WILSON

Sees Things to Criticise in President Wilson's Policy.

New York, Nov. 20.—Speaking on the subject "Holding the Philippines" before the Brooklyn Institute of Arts and Sciences, ex-President Taft attacked the policy of the Wilson administration. He said Filipinos and not Americans had been consulted in framing the administration's policy. Mr. Taft said he feared the inauguration of the spoils system. He added many useful officials had been cut off.

Mr. Taft concluded with the statement that, in his belief, the great mass of the Filipino people—the uneducated majority, which must be protected—is not ready for self-government and will not be ready for another generation, in all probability.

Doctor Montessori Coming.

New York, Nov. 20.—Dr. Mary A. Montessori, founder of the Montessori method of teaching, is going to visit America. She will arrive from Rome on Dec. 3, in company with S. S. McClure, who has been much interested in her work. In Washington Dr. Montessori will deliver the first of a short series of lectures which has been planned for her under the auspices of educational and civic bodies in not more than 12 of the larger cities of the east.

Henry Severson, 65, wealthy mining man, caught in a bear trap in the mountains near Embudo, N. M., was killed by wild beasts.

Glasgow steamer Scotsdyke burned in the English channel. Passengers and crew were rescued by the British battleship Iron Duke.

THE stupendous MECCA success has aroused the keenest competition the cigarette business has ever known—and yet MECCA sales have steadily increased.

The efforts of competitors have only served to call more smokers' attention to MECCA—and MECCA quality always wins by comparison.

MECCA is different from any other cigarette—a Turkish Blend of the world's finest tobaccos, selected by the greatest leaf-experts in this country and in Turkey.

In the new foil package of 20, MECCA is unquestionably one of the greatest values ever offered to American smokers.

ON COMMITTEE TAFT MAY LAND

Connecticut Member of Republican National Committee.

Hartford, Conn., Nov. 20.—According to information secured from one of the leaders of the Republican party in this state, ex-President William H. Taft, who has been a citizen of New Haven since he assumed his professorship at Yale, is most likely to be chosen as Connecticut member of the Republican national committee to succeed Charles F. Brooker, who is about to retire. There are several others, however, mentioned to succeed Mr. Brooker.

CARRY FIGHT TO THE FLOOR

Both Wings of Currency Com-
mittee Complete Their Bills.

LONG CONTROVERSY ENDED

Democratic Steering Committee to
Consider Advisability of Calling a
Party Caucus On the Money Meas-
ure—Bills Framed by the Members
of the Currency Committee in the
Hands of the Public Printer.

Washington, Nov. 20.—The outlook
is favorable for an agreement in the
senate committee on banking and cur-
rency that will end the long contro-
versy over the currency bill in com-
mittee and transfer the fight to the
floor of the senate.

Both wings of the committee have
practically completed their bills. The
six Democrats, who represent the ad-
ministration's view, will propose to
the other wing, made up of the Re-
publicans and Senator Hitchcock of
Nebraska, that the members join in
a statement to be made to the senate
reciting the fact that they are evenly
divided and unable to agree and ask-
ing leave to submit the two bills in
the senate.

When Senator Hitchcock and Sena-
tor Bristow learned that the adminis-
tration senators contemplated such a
move they intimated that it probably
would be favorably received, and that
an agreement would result.

Both factions of the committee
seem anxious to turn the subject mat-
ter over to the senate. The Demo-
cratic steering committee will con-
sider the advisability of calling a
party caucus on the currency bill.

Both bills framed by the members
of the currency committee of the sena-
te are in the hands of the public
printer.

GOV. COX WARMLY ATTACKS HANNA

Makes Serious Accusations Against
the Cleveland Millionaire.

Delphos, O., Nov. 20.—In an address
here Governor Cox accused Dan R.
Hanna, the Cleveland millionaire and
publisher, of being, with his money,
behind the attacks on various legisla-
tive measures of the present state ad-
ministration. Referring to Mr. Hanna
as the "Mad Mullah of Ohio politics,"
the governor charged him with hav-
ing used money to procure a perjured
statement reflecting upon the state
administration in its campaign against
the Ohio Equity association. Governor
Cox further accused Mr. Hanna of
now being in a conspiracy to buy his
way into the United States senate.

fathers. He plays end and tackle
with equal celerity. Coach Warner
considers him one of the best forwards
in the land.

LOCKAROUND of Carlisle

NATIONAL CONVENTION OF DENTISTS EARLY NEXT MONTH

Columbus, O., November 20.—

That the care of the teeth is rapidly
becoming a more important phase
of public health work is indicated by
the fact that prominent men outside
as well as in the dental profession
will address the forty-eighth annual
meeting of the Ohio State Dental So-
ciety, which opens in Toledo, Decem-
ber 2.

The program for the three-days
sessions was made public today by
Dr. Frank R. Chapman, of Columbus,
secretary of the society.

Governor James M. Cox will speak
Wednesday evening, December 3, at
the Health and Science dinner con-
ference, on "State and Dental Sci-
ence—How Each Can Help the
Other." His address will follow that
of Dr. Homer C. Brown of Columbus,
president of the National Dental As-
sociation, whose appointment to mem-
bership on the State Board of Health
by Governor Cox was the first sub-
stantial recognition by the state of
the importance of the dental phase
of public health work.

Two well-known men will speak
at the same conference, Dr. Victor C.
Vaughn, dean of the medical depart-
ment of the University of Michigan,
and president-elect of the American
Medical Association; and Dr. E. F.
McCampbell, of Columbus, executive
officer of the State Board of Health.

The dental profession in addition
to Dr. Brown will be represented on

the conference program by Dr. Wes-
ton A. Price, of Cleveland, president
of the state society, and Dr. Edward
C. Kirk, of Philadelphia, well-known
editor and dean of the dental depart-
ment of the University of Pennsyl-
vania.

Owing to the importance of the
gathering from a public health stand-
point, the State Board of Health will
hold its regular November-December
meeting in Toledo, December 3, in
order that its members may attend
this session.

TENER HEADS BIG LEAGUE

Philadelphia, Nov. 20.—John K.
Tener, governor of Pennsylvania, ac-
cepted the presidency of the National
Baseball league, tendered to him in
Harrisburg by National League mag-
nates. The governor will hold office
for four years, during which time, it
is understood, he will draw a yearly
stipend of \$15,000. The governor,
however, in accepting the presidency
of the league, made it understood
that he would not resign as executive
of the state and that he would not
give his undivided time to the league
until his term as governor expired.
During his time as governor of the
state he will not draw any salary
from the National League.

NEW GRIDIRON STARS.

Youngsters Now Shining on Big Col-
lege Elevens.

That there is splendid quality in
many of the newcomers in big college
football this year has been demon-
strated at Yale, Harvard and Prince-
ton, where these youngsters have de-
manded consideration in early games
because of their speed, resourcefulness
and nerve.

It is necessary only to glance over
the reports of recent games to see how
gallantly some of the aspiring lads
have fought, and how thoroughly they
have met the demands of "new foot-
ball." All were freshmen last year,
and some of them were selected over
veterans for the initial games.

In Guernsey, captain of the fresh-
man team last year, it would seem that
Yale had found a fine drop kicking full-
back. In the game with Holy Cross
this boy made the old timers gasp in
astonishment when he performed the
unexpected even as Pumpelly did last
year when he kicked the goal from the
field that tied the score with Prince-
ton. The generally reliable Ketcham
made a poor pass to Guernsey after
Yale had carried the ball to the twelve
yard line. Guernsey was standing on
the twenty-two yard mark, ready to
try a goal from the field. The ball,
snapped back by the captain, went
over his head. But, quick as a flash
this new Eli turned, snapped up the
ball and coolly sent it over the bar
as the opposing forwards charged on
him. Guernsey also made the forward
pass with great skill and carried the
ball "outside of tackle" with speed and
power.

Young Mahan's playing for Harvard
has been one of the features of the
early season. He is very clever in the
open field and dangerous to the other
fellows in end running. He follows
his interference beautifully, picks holes
like a veteran and is perhaps the fleet-
est of foot in the stadium. He made
a great name for himself at Exeter be-
fore he entered Harvard and is likely
to get much more reputation this year.

As freshman captain last year his all
round work was commended by the
Crimson gridiron leaders.

Apparently Princeton has three great
men in Glick, Law and Heyniger, who
are playing on the varsity for the first
time. All were freshmen last year.

Glick was the star in the game with
Rutgers. He tore through tackle and
sprinted sixty yards to a touchdown.
Law made the first scoring possible by
a twenty-five yard end run, which was
followed by a forward pass by Brown
(also a freshman last year), to Hobey
Baker over the goal line.

A new clause will be inserted in the
form of a baseball player's contract for
the major leagues next year. It will
prohibit a player from "wrecking" or

the conference program by Dr. Wes-

SCOOP The Cub Reporter And Still They Hand Scoop "That Small Town" Talk By "Hop"

Jim Gets a World View Of the Y. M. C. A.'s Work

Learns That Uncle Sam Himself Provides Buildings for Y. M. C. A. Work Down on the "Big Ditch" and That the "Hot" Reception Which Once "Cooked" Missionaries Has Been Cooled by Y. M. C. A. Work.

When a feller just gets to look at the same old thing every day in the same old town he is hardly big enough to imagine something that can encircle the globe in its mission of help and love. It's hard enough to imagine the world bigger than Fayette county, for we have an idea we are the "whole cheese."

I wanted to know something about the bigness of the Y. M. C. A. and so I went in to ask questions of the secretary at the Y. M. C. A. He told me yesterday he supposed I was the worst feller to ask questions he had ever seen.

Now the bigness of the thing is this way. There are two organizations known as the World's committee, and its business is to shape the policies for the work of the Y. M. C. A.'s throughout the world, and they handle their work through two committees known as the International committee of Y. M. C. A.'s for America, and another for Europe. They in turn take up these policies and work them out through the State committees and they on down to the association in the towns and cities and even the remotest parts of the states. Now there are associations for the city, for the county, for the colored men, students in college, railroad men, trolley men, high school boys, army and navy men, lumber men and those employed in construction camps.

The U. S. government constructed 8 buildings on the Isthmus of Panama and pay all its running expenses. So

you see what Uncle Sam thinks of it. The large ships that ply our deep waters nearly all have a secretary traveling with them, all the big ports of the world have Y. M. C. A. men there to assist the immigrants and give them information they will need upon their arrival at their destination.

Think of our railroad companies spending thousands of dollars to keep up the Y. M. C. A. along their roads that their men might be thrown in the best possible influences. Then the big companies doing construction work, have a couple of coaches fitted up on their trains and these are used for the association work. Oh it's a big movement. Helen Gould gave a big yacht for the work along the Yukon river in Alaska. Fitted with moving picture machine, victrola, game room and reading room, etc. It touches the little towns along the river and gets the men aboard and helps all it can through its different features.

Think of the hundreds of associations in China, Japan, South America, Africa and so on and so on. There is not a place, or I should say a country under the sun that does not have a Y. M. C. A. and to be a member here they tell me is to be a member everywhere you go, if you land in Africa they will give you as warm a welcome now as they do in this burg. You know that it hasn't been many years ago since they gave our missionaries such hot receptions there that it cooked the poor fellows. Well the Y. M. C. A. is at work and so long as she stays on the job there are going to be better men and boys, better homes and better towns, so I'm in for the Y. M. C. A. and I will join today. If you fellows get around and study this thing as I have you'll do the same as me.

I was told by the trustees that I did "fairly well" and so I am ending my investigations with this epistle.

Yours,

"JIM."

GUARDS FREED

By Associated Press.
Charleston, W. Va., November 20.—Indictments against Ernest Dajot, Thomas Stacy, John Tinsley, Walter Beck, and J. H. Davidson, mine guards accused of having taken part at Mucklow, during the Paint Creek coal strike in 1912, were nolleed at Lewisburg, W. Va., today. No witnesses appeared against the accused when the cases were called for trial.

TELEPHONE PLANTS BEING ABSORBED

By Associated Press.
Chicago, Ill., November 20.—Five independent telephone companies, which he said, had been purchased by the American Telephone & Telegraph Companies, and thereafter operated ostensibly as still independent, was named today by W. S. Vivian, of Grand Rapids, secretary of the Independent Telephone Association, testifying in the hearing here in the government's anti-trust suit against the American company. The United States Telephone Company, of Cleveland, Ohio, and the Columbus Citizens Company of Columbus, were among those absorbed, he said.

NERVE LACKING

Expert On the Present Depression in the Steel Business.
New York, Nov. 20.—The present depression in the steel business is caused by lack of nerve on the part of those engaged in the business, according to William H. Smith, vice president of the W. M. Pattison Supply company of Cleveland, who testified at the hearing in the government's suit against the United States Steel corporation. "Nerve is lacking, not only among us, but among our customers," he said. "They seem to be afraid to buy anything but exactly what they need."

DRUGGIST SOAKED

Toledo, O., Nov. 20.—Thomas A. Huston, druggist, upon a plea of guilty to illegal sale of cocaine before Judge O'Donnell in probate court, was fined \$150 and sentenced to serve 60 days in the county jail.

WINTER ADVISES U. S. TO STAY OUT

By Associated Press.
Worcester, Mass., November 20.—Intervention should not even be thought of by the United States, declared Dr. N. O. Winter, author of several books on Mexico in an address before the Clark University Conference on Latin-America, about the fundamental causes of the present situation in Mexico. "From a standpoint of dollars and cents," he said, "it would be cheaper for Uncle Sam to reimburse all losses sustained by Americans than to incur the expense that intervention would involve. The present disturbed conditions of Mexico are probably the final transition, the dawn of a new era. The paroxysms now shaking the country in rebellions and treachery, mean the recovery of Mexico ultimately to peace and prosperity. A strong man must arise; a leader of enough force of character to draw the people to him and awe any opposing chieftian who may wish to create trouble for his own personal aggrandizement."

AT THE EMPIRE

"Freckles," a clean wholesome play, built on Mrs. Gene Stratton-Porter's beautiful story, drew the banner crowd of the season to the Empire last night.

If frequent applause is a criterion, the audience found the play all and more than had been anticipated.

PAINFUL ACCIDENT

Clark Kershner, the young son of Mr. and Mrs. Jas. Kershner, is suffering from a very painful accident, running a nail into his foot one and a half inches deep.

FITZPATRICK—JARNIGAN.

Mr. Charles E. Fitzpatrick and Miss Essie A. Jarnigan were married by Rev. Frederick E. Ross at Grace parsonage Wednesday evening.

The young couple went to house-keeping on Columbus avenue attended by the best wishes of many friends.

TOO LATE TO CLASSIFY.

FOR RENT—Furnished rooms; modern conveniences. Mrs. Pursell, E. Court St. 274 4t

10c Colonial Theatre To-Night

Italian Musical Trio

DIRECT FROM NAPLES HARP, FLUTE AND VIOLIN
Playing many of the most classical as well as sentimental songs. Lovers of the Italian harp will be given a chance to hear these talented gentlemen to-night.

The Program Friday, "THEODORA" a Warner three-reel feature under the auspices of the Choral Club, will be at the Wonderland instead of the Colonial as heretofore mentioned.

Wednesday, November 26th, UNCLE TOM'S CABIN will be shown at the Wonderland.

WILLING WORKERS SURPRISED.

The Willing Workers of East End chapel were very pleasantly surprised at their meeting Wednesday afternoon at the home of their president, Mrs. Wert Backenstoe, when Mrs. George Bryant, in a very quiet manner presented the society with \$5 from the Elmwood Aid Society. The society surely appreciate their kindness.

REGULAR MEETING.

Regular meeting of Pocohontas council Friday evening, November 21 at 7:30 sharp. Every member requested to be present, as there is degree work. Also first nomination night.

LIZZIE POWLESS, Poc.
NINA MILLER, K. of R.

B. Y. P. U. MEETING.

The B. Y. P. U. of the First Baptist church will hold their regular monthly business and social session at the home of Mrs. Wm. Davenport, E. Temple street, Friday evening, 7:30 o'clock. Every member is requested to be present, bringing a guest.

COM.

American Federation of Labor, in session at Seattle, passed resolutions demanding the exclusion of all Asiatics and a literacy test for the Caucasians.

Grand Duke Alexis, the 8-year-old czaritch, was slightly injured at St. Petersburg when he was thrown from an automobile when it collided with another machine.

Kentucky "Jim Crow" law was upheld by a jury in the circuit court at Louisville, when two men were awarded damages of \$2,950 against the Chesapeake & Ohio railroad.

OHIO HAPPENINGS

Schools For Child Workers.
Columbus, O., Nov. 20.—State Factory Inspector Thomas P. Kearns, in his annual report, filed with the governor, recommends that a law be passed making it compulsory for working boys between the ages of 15 and 18 and working girls between 16 and 18 to continue their studies "in the daytime," and that special continuation schools teach manual training and domestic science particularly. He does not favor the establishment of night schools for working children.

Favor Garfield and Garford.
Columbus, O., Nov. 20.—Members of the Progressive party who were here in consultation with Walter F. Brown, chairman of the organization, bureau of the national Progressive committee and head of the state organization, appeared to think the nomination of James R. Garfield for governor and Arthur L. Garford for United States senator to be probable. Chairman Brown had a talk with Governor Cox regarding appointments of county tax commissioners.

One Cent For Transfers.
Cleveland, O., Nov. 20.—As a result of the recent blizzard, which suspended streetcar traffic for three days and caused a loss of \$80,000 to the company, an announcement is expected to be made that on Jan. 1 car riders will be charged 1 cent for the transfer privilege. Heretofore a passenger could cross the city for 3 cents. Hereafter only those who do not transfer can ride for that sum.

Warden Jones' Seat Contested.
Ironton, O., Nov. 20.—Former Warden T. H. B. Jones of the Ohio penitentiary, who was elected to the Ironton city council by only two votes, faces a contest. Councilman Clarke, who was defeated by Colonel Jones, has filed a notice of contest with the city council and the hearing has been set for Friday night.

DEER FIGHT TWO HOURS.

Bucks Lock Horns Finally and Are Shot to End Sufferings.

South Orange, N. J.—After fighting for two hours two male deer belonging to the Essex county park commission locked horns on the hillside paddock at the South mountain reservation and had to be shot to end their sufferings.

It is just a year ago since a dozen maimed bucks and does were found on the reservation. Alonzo Church, secretary to the park commission, summoned Dr. Hornaday of the Bronx zoological garden to solve the mystery. He found that it was the season when the larger bucks become vicious, and a number of them were shot. Then two other bucks which had shown murderous dispositions were also shot to insure the safety of those that remained.

Petrified Baseball.

Norfolk, Neb.—A baseball batted into a cornfield thirty-eight years ago by E. K. Ballantyne, later sergeant-at-arms in the United States senate, was found when excavations were being made for a new building. The ball had become petrified. This was the first league baseball ever bought for North Nebraska, and the game had to be stopped because the ball was lost.

SPEIGLE ON STAND

Accuses Cincinnati Civil Service Board of Partisanship.

Cincinnati, O., Nov. 20.—The state civil service commission, composed of Chairman Samuel A. Hoskins of Wapakoneta, D. W. Brown of Findlay and C. H. Bryson of Athens, began an investigation of the Cincinnati civil service board, owing to charges made against it during the recent municipal campaign. Mayor-elect Frederick S. Spiegel was the principal witness. He read a lengthy statement, in which he accused the board of partisanship in making appointments and permitting civil service employees to engage actively in politics.

Delicious brown cakes made from Mrs. Austin's Bag Pancake Flour. All grocers.

WILL ENFORCE LAW

Columbus, O., Nov. 20.—General disapproval was expressed by state officials over the stand taken by Mayor Hunt against the liquor license act. Attorney General Hogan said the license law was the supreme command of the people of Ohio and that it would be the policy of his department to adhere to the letter and spirit of the statute in passing upon propositions raised under it.

ASKS \$50,000

New York, Nov. 20.—Charles E. Wilson, business manager for Alfred G. Vanderbilt, was served at Madison Square Garden with papers in a suit for \$50,000 damage for alleged breach of promise of marriage brought by Florence Rosser Schenck, who was named as co-respondent when Mrs. Elizabeth Wilson sued for a divorce from Vanderbilt's manager some years ago.

BODY IN BUSHES

Cleveland, O., Nov. 20.—The body of Martin Kramer, 40, was found in a clump of trees just west of the Ursuline convent here. A bullet hole through his heart and a revolver clutched in the right hand, told the story of his suicidal death. The body apparently had been there several days.

CLEVELAND WANTS IT

Giant Dam and Lock Which Make Tennessee River Navigable the Year Round

Water power is playing a big part in the development of southern industries. The giant \$8,000,000 dam and lock at Hale's bar, in the Tennessee river near Chattanooga, Tenn., is a new enterprise that will vastly increase the business of a large territory and benefit navigation in the Tennessee river by raising the height of the river and keeping it at a uniform level the year round. The United States government and private capital combined to make this notable improvement, from which electric power will be supplied for many miles around. In the illustration are shown the dam and the lock, which is big enough to remind one of a lock in the Panama canal.

MEXICAN CONGRESS MEETS IN DEFIANCE OF WILSON

Huerta Delivers His Message and Makes a Plea for Ratification of His Acts as Dictator; Which Will Probably Be Given.

WASHINGTON STILL BELIEVES HUERTA'S ELIMINATION IS HASTENING FORWARD

Applauds Playing of "Star Spangled Banner" and Causes Comment By His Cordial Treatment of O'Shaughnessy, to Whom He Talked Privately for Quarter of an Hour—Refreshments Used at Cost of \$20,000.

Mexico City, November 20.—In defiance to the wishes of the United States, the Mexican Congress met this afternoon and General Huerta transmitted his message to the Senate and Chamber of Deputies. That both Houses will endorse the Dictator's action seems likely. President Huerta in closing his speech to Congress made a plea for ratification of his acts. He expressly stated however, that a full account of his stewardship would not be given until some future time. In this connection he said:

"This would seem a propitious moment to give you an account of the use made of the above powers, but inasmuch as it is the purpose of this Congress to pass upon them, I shall in due time and under separate distribution give you an itemized account of the use made of them by the executive to the end that if you find his action useful, you should lay the responsibility upon him who may deserve them. The present moment is extremely solemn and perhaps decisive of the welfare of the nation. Not only the eyes of fifteen million Mexicans, but those of the whole civilized world are at this time fixed upon you. Your attitude and your action shall inform our fellow citizens and future generations whether we have been right in clinging to our nationality in placing national dignity above our best interests of the moment, or, if on the contrary, instead of that attitude of intense national feeling, we should have receded before reprovable interests of unworthy ambitions. In giving you in the name of the Republic the most cordial welcome, I pray for the prompt arrival of the hour in which all Mexico may be united in close fraternity, so that we may devote our decided energies to the great and fruitful task of reconstructing our nation."

The Congress held a short preliminary session before the arrival of Huerta and Eduardo Tamariz, former Minister of Public Instruction, formally declared open. "The Second Period of the Twenty-sixth Mexican Congress," Senator Tamariz is the Catholic Deputy whose nomination as Minister of Public Instruction was opposed by the Liberal Party in the last Congress. His selection as Speaker is regarded as a further rebuke to the Deputies of the old Congress imprisoned by Huerta.

By Associated Press.
Mexico City, November 20.—It was regarded here today as entirely possible that Provisional President Huerta, after having, through the ratification of the new Congress, relieved himself from the danger of being called to account for his acts by some future administration, might be brought to the point of self-elimination through the efforts of the foreign powers supporting the United States government.

One of the first steps the new Con-

gress was expected to take was the ratification in entirety of the chief executive's acts as dictator, and that the two Houses would be asked to do this was plainly indicated in his message to them. The securing of this ratification of his acts is regarded to have been one of the reasons why Gen. Huerta so obstinately opposed the pressure brought to bear on him by the United States and other nations to efface himself.

The marked manner in which Provisional President Huerta displayed his cordiality toward Nelson O'Shaughnessy and the way in which he applauded the playing of the Star Spangled Banner at yesterday's reception in Chapultepec Castle, was the subject of more comment today. Gen. Huerta spoke privately for more than a quarter of an hour with Mr. O'Shaughnessy. He informed Mr. O'Shaughnessy of the substance of his message to the new Congress and said he would send a copy to the American Embassy in advance of its delivery. At the same time Senora Huerta showed great cordiality in her reception of Mrs. O'Shaughnessy. The reception was on a very elaborate scale and the rooms were profusely decorated with flowers. The refreshments alone amounted to \$20,000.

KEEPING TAB ON NEW CONGRESS

By Associated Press.

Washington, D. C., Nov. 20.—The eyes of official Washington were turned today on the Mexican Congress and Huerta's message on his recent assumption of dictatorial power. The possibility that the new Congress might act on concessions described in advance by the United States was thought in many quarters to be a pivot on which the next move by this Government might turn. So far as can be learned, the American Government means to continue its plan of financial blockade with diplomatic pressure from without.

The closing feature of Huerta's message in which, after propounding the sanction of Congress, he added that if this was withheld and authority entrusted to another, he and his ministers were agreed in advance to accept such a result, was regarded with some significance as indicating that Huerta himself was at last recognizing the possibility of his own elimination. Some officials declared that there was no new move in prospect for the immediate future.

It was also said that no instructions of a final character had been forth to Charge O'Shaughnessy. It was regarded as possible that officials here would await Mr. Hale's return from Nogales after parleys with the Constitutionalists to gain first hand

information for making the next move.

HUERTA DOUBLES MEXICAN TAXES

By Associated Press.

Mexico City, Mexico, Nov. 20.—One of the last acts of Provisional President Huerta as Dictator before the new Congress places restrictions on his power, was an edict today making sweeping increases in international taxes of Mexico. The stamp tax which requires stamps on checks, receipts, contracts and all documents of a public nature was doubled. The tax on tobacco, alcohol and crude petroleum was heavily increased.

A measure to relieve the difficult small money problem arising out of the restriction of the silver circulation was decreed by President Huerta permitting banks of issue to put out one and two peso bills, the smallest bill heretofore in circulation has been five peso.

NO ADVICES RECEIVED

By Associated Press.

Mexico City, November 20.—Nelson O'Shaughnessy, American Charge d'Affaires declared today that he had received no further advices from the State Department at Washington regarding his future action.

CLAIRVOYANTS ARE GUILTY AS CHARGED

By Associated Press.

Chicago, Ill., November 20.—A verdict of guilty against James Ryan and C. B. Bertsche, leaders of the "clairvoyant ring" was returned in court here today. They were charged with swindling Miss Hope McElowney, of New Salem, Wis., out of \$15,000.

AIM WAS POOR

By Associated Press.

Pittsburg, Pa., Nov. 20.—Charles Dietz, an electrician today at Bradock, a suburb, shot his wife, his mother-in-law and himself. The trio was hurried to the nearest hospital, where a physician said Dietz would likely die but the women were not in danger.

GO TO PORTSMOUTH

By Associated Press.

Cincinnati, Ohio, November 20.—Mrs. Harriett Upton Taylor and Mrs. Zell Hart Deming, both of Warren, Ohio, Mrs. Marion Vorce of Cleveland, and Mrs. Elizabeth Houser, of Cincinnati, all Ohio officers of the Ohio Woman's Suffrage Association, will leave this afternoon for Portsmouth, Ohio, where they will hold a mass meeting tonight. The State convention closed here tonight.

HEAD-ON COLLISION

By Associated Press.

Washington, D. C., November 20.—One passenger was seriously hurt and five others slightly injured in a head-on collision early today at Barton, South Carolina, on the Southern railroad, according to advice at headquarters of the company here. The engines and express cars of both trains were derailed.

GENERAL BLANQUET

Mexican War Minister Who May Be Deposed by Huerta.

MEN CONFESS AND LEAD OFFICERS TO BODY OF VICTIM

By Associated Press.

Media, Pa., Nov. 20.—Two farm hands, R. S. Pennington and George Marsh, of Glenn Mills, Pa., arrested yesterday on suspicion of knowing something about the disappearance of S. L. Pinkerton, 26, tax collector, confessed early today that they had murdered him and buried his body, according to Delaware county police.

They were taken in an automobile to the woods where they said the body was hidden and with the aid of a lantern the police found it in a hole covered with leaves. Police say the men admitted that they attacked Pinkerton for the purpose of robbing him. His head had been crushed and the body was riddled with shot.

FEDERAL PROBE COLORADO STRIKE

By Associated Press.

Washington, D. C., November 20.—President Wilson is giving serious consideration to the mine questions involved in the Colorado strike, with a view to settlement through Federal agencies. Representative Keating of Colorado had a long talk with the President today and presented several telegrams urging Federal investigation.

BROTHERS HEAD RIVAL AFFAIRS

By Associated Press.

New York City, November 20.—Gen. Bramwell Booth, head of the Salvation army, said today that he was willing to amalgamate with the Volunteers of America, but he did not think his brother, Ballington Booth, commander of the rival organization, desired such an amalgamation. General Ballington Booth was out of the city today.

64 YEARS IN OFFICE

By Associated Press.

Washington, D. C., November 20.—With the reputation of having longer been in the government service than any other man in Washington, Archie Lewis, in charge of the robbing room of the Justice of the Supreme court, died here today. He had been on the government payroll 64 years.

STEADY ADVANCE IN NECESSARIES OF LIFE

Bureau of Labor Completes Statistics Which Show Food Prices Higher Than for 23 Years—Only Three Items of Food Show Decline in Values.

REPORT COVERS 40 IMPORTANT CITIES

Announced That Maintenance of Working Men's Families Now Costs 66.1 Per Cent More Than During the Period From 1890 to 1899.

tail prices of the principal articles of food in 40 important industrial cities compiled by experts, show that during the year 12 or 15 articles advanced in price while only three declined.

Comparison shows potatoes advanced 20.6, bacon 18.8, eggs 12.6, round steak 11.5, butter 5.7, milk 2.7. Sugar declined 7.9.

When the price of each of the 15 articles of food on which the statement was based is considered according to average consumption in workingmen's families, retail prices August 15, 1913, were 66.1 above the average price for the 10 year period 1890 to 1899.

EXODUS DWINDLES

By Associated Press.

Vera Cruz, November 20.—Only a small party of refugees from Mexico City arrived here today. They reported that the feeling of apprehension there was rapidly subsiding.

Huerta and Carranza, Main Figures In Mexican Trouble

Photos copyright, 1913, by American Press Association.

FROM the time the Mexican situation became a thorn in the side of Uncle Sam, after the murder of Madero, two figures have stood out prominently across the Rio Grande. Huerta, as provisional president of the republic, at once found himself persona non grata with the Wilson administration. Expediently recognized by all the other principal governments of the world, he was refused official notice by the United States, it being held that he was not the constitutional head of the country. When the American ambassador, Henry Lane Wilson, resigned the post was left unfilled as notice to the world that the United States did not officially recognize Huerta. Through John Lind and Charge d'Affaires Nelson O'Shaughnessy President Wilson endeavored to bring about Huerta's voluntary retirement before and after the farcical election for president. The other principal figure was General Venustiano Carranza, leader of the rebels, who christened themselves Constitutionalists. Carranza was a close friend of the murdered Madero and fought Huerta's assumption of power from the start. Huerta is shown above and Carranza (marked by arrow) below in camp with some of his followers.

DETAIN TROOPS ON MEXICAN BORDER

War Officials Heed Request of Texas Congressmen.

CLASH ACROSS LINE FEARED

Diplomatic Exchanges Concluded Between President Wilson's Representative and General Carranza of the Revolutionists — British Warships Ordered to East Coast of Mexico. Huerta May Take the Field.

Washington, Nov. 20.—It is stated that the administration has no assurance of positive support from other governments for its policy in Mexico. It has only assurances that these governments will do nothing for the present pending action by the United States. With each passing day, attended by an increasing tension of the situation in Mexico, the likelihood increases that some one or more of the European governments will again inquire of the United States when positive action may be expected.

With the definite information that this government expects to let the Mexican situation drift for the present, came the announcement that orders had been issued to the British squadron in the West Indies to proceed to the east coast of Mexico. The British government had previously announced that Great Britain would send no ships to Mexico, and the move caused speculation in Washington. It was in keeping, however, with the action taken by most of the other European governments. France now has one ship on the east coast of Mexico. Germany has two on the east coast and one on the west side, while Italy and Japan are rushing cruisers to the east and west coasts respectively.

According to information that reached here from Mexico City, General Huerta will take the field against the Mexican Constitutionalists, who are sweeping all of northern Mexico.

Words of Praise For Mayr's Wonderful Stomach Remedy

"How thankful we are to you for getting a hold of your Wonderful Remedy. My wife could not have had but a short time to live if she had not taken your Wonderful Remedy when she died. One more of those paroxysms pains she was having would have killed her without a doubt. Now she is free from all pain, free from heart trouble and free from that disturbing Neurosis—all the results of five treatments—and the expulsion of five or six hundred Gall Stones. Now she is able to do anything she wants and her appetite is good and before taking your medicine she had no appetite and when she ate anything she would suffer death for so doing and could not sleep at night since taking your treatment she sleeps well all night long. T. A. Neall, Rosanoke, Texas."

The above letter should convince you more than anything we could say in behalf of Mayr's Wonderful Stomach Remedy. Sufferers should try one dose of this Remedy—we dare should convince them that they can be restored to health. Nearly all Stomach Ailments are caused by the clogging of the intestinal tract with mucus and catarrhal secretions allowing poisonous results into the stomach and otherwise defanging the digestive system. Mayr's Wonderful Stomach Remedy painlessly removes these secretions without a surgical operation and puts an end to Colic Attacks, Gases in the Stomach and Intestines and all of the usual symptoms of Stomach, Liver and Intestinal Ailments. Ask your druggist about Mayr's Wonderful Stomach Remedy or send to Geo. H. Mayr, Mfg. Chemist, 154 Whiting St., Chicago, Ill., for free booklet on Stomach Ailments and many grateful letters from people who have been restored.

THE IMPORTANCE OF GLASSES

Is often overlooked by many who subject themselves to headaches, nervousness, etc. which might readily be overcome by wearing properly fitted glasses.

A. CLARK GOSSARD
OPTOMETRIST and OPTICIAN
SOUTH FAYETTE STREET

OLD LANDMARK IS BEING DISMANTLED

The work of dismantling one of the city's landmarks commenced this week when workmen started to tear down the old Maynard house on North street, next to the residence of Commissioner Harry Brown.

The sweep of progress has decreed that the big brick building must go to make room for other more modern structures, and Mr. Ray Maynard will erect a handsome eight-room brick residence on the southern half of the lot.

Workmen have removed most of the windows and part of the roof, and will soon have the walls ready to be removed. Regardless of the half century or more that has elapsed since the house was erected, the walls and in fact nearly every part about the house are almost as sound as the day they were erected.

The building when erected by Mr. Andrew Hamilton, father of Mr. Walter Hamilton, was regarded as the best structure in the city at the time Mr. Hamilton was one of the city's foremost business men a half century ago.

The house was later sold to the Pitzer family, and still later came into possession of the Maynard family, and has since remained their property.

PARLEYS CLOSED

Nogales, Sonora, Mexico, Nov. 20.—General Venustiano Carranza, civil and military head of the Constitutionalist revolution, left on a special train for the south. William Bayard Hale, who has acted as President Wilson's personal spokesman in the diplomatic exchanges during the last week, has taken his departure from Nogales, Ariz., thus ending the dealings between the Mexican insurgents and the American government.

REBELS AGGRESSIVE

El Paso, Tex., Nov. 20.—Two thousand rebel soldiers left Juarez today for the south to join Pancho Villa's main army of 4,000 men, now concentrating at Villa Ahumada preparatory to moving against the city of Chihuahua. Asked if this meant a movement against Chihuahua, General Villa replied that it probably meant meeting the federals somewhere, if not right at the capital.

M'GUIRE RECANTS AND ADMITS HE LIED

Contractors' Bondsman Admits Previous Testimony Was False.

New York, Nov. 20.—George H. McGuire of Syracuse, the contractors' bondsman, confessed before Chief Magistrate McAdoo that his previous testimony in the John Doe proceedings was a tissue of falsehoods.

He declared that John A. Hennessy had told the truth when he said McGuire gave him the list of contractors which Hennessy introduced when he took the stand on the opening day of the inquiry. He said that he sat by while Hennessy wrote down the names and the amounts of the contractors' contributions as they were told off by McGuire. He admitted that he told Hennessy there had been a meeting in Albany at which Norman E. Mack, C. Gordon Reel and Everett P. Fowler made arrangements for Fowler to go through the state, making campaign collections from canal and highway contractors.

The witness said he would admit that he had brought to the attention of Governor Sulzer the fact that highway specifications were not being lived up to, but he denied he could recall just what was said.

MASQUERADE SOCIETY

The Young Ladies S. S. class of Staunton M. E. church, will hold a masquerade social at the township house in Staunton Friday evening, the 21st.

5c admission to those masked.

10c to those who are not.

Sandwiches, coffee and pie will be served and a taffy pulling will be held.

FERNEAU ESTATE SELLS THIS WEEK

The estate of the late Aaron Ferneau, comprising some 200 acres and located near Bainbridge; a farm in Pike county and some lots in Bainbridge, were disposed of this week.

F. M. Ferneau, a son of the late Aaron Ferneau, purchased the Bainbridge farm, paying \$28,100 for it. A son-in-law, Mr. Head, of Hillsboro, purchased the Pike county farm and William Pensyl the town lots.

OUTRANKED BY A FOREIGNER

Will Be Commander of the American Battleship Fleet.

Washington, Nov. 20.—Informal announcements from foreign capitals of acceptances of the invitation of the United States to send ships to Hampton Roads for an international naval pageant in celebration of the opening of the Panama canal have already brought into view a disagreeable prospect. It is practically certain that whoever commands the American battleship fleet on that occasion will be outranked by the commanders of most of the European squadrons which are coming to the celebration. Word already has been received unofficially from France that the French squadron at the canal celebration will be under command of a vice admiral. The United States has no grade higher than rear admiral, so that certainly the American commander-in-chief will have to give precedence to the French commander at least.

BROTHERS MAY MEET AT LAST

Bramwell Booth, Head of Salvation Army, Arrives in New York.

New York, Nov. 20.—General Bramwell Booth, head of the Salvation Army, arrived in New York from a tour of Canada and the middle west. He was greeted by 2,000 uniformed men and bonneted women. Then the general was shot through a side entrance of the station into a taxicab. The party had dinner with officers at the army headquarters and later attended an officers' council.

The rumor persists that Bramwell Booth and his brother Ballington, head of the Volunteers of America, will meet for the first time in 17 years while Bramwell Booth is in this city.

CLUBHOUSE FOR SERVANTS.

Mistresses Provide a Place For Them to Receive Their "Steadies."

Los Angeles, Cal.—The hired girl problem approached one step nearer solution in the announcement that the Friday Morning club, the largest woman's organization in Los Angeles, would establish a home club for domestics.

This home club, which is to be established in one of the most fashionable residence districts, is to be a little like a woman's club, but more like a man's. There will be opportunities for culture, of course, but there will be also places to eat and, more important still, parlors to entertain in.

Hired girls, therefore, when they join the club, need not be compelled to entertain their "steadies" in the kitchen.

WEDDING SOLE TOPIC AT CAPITAL

Washington, Nov. 20.—There remains to special Washington just one subject for conversation—the White House wedding, on Nov. 25, in which Miss Jessie Wilson and Francis B. Sayre will be the principals.

Everybody is busy finding places to put the numerous gifts, for every moment of the day they are pouring in from everywhere, and even the enlarged White House is inadequate to meet the growing demand for space. Among homely gifts are a five-bushel case of Bermuda onions, marked from "an unknown friend;" a huge box of finest home-made "soft soap" and quantities of jellies, preserves, pickles, chowchow, chili sauce, grape juice and jam.

After much deliberation the senate finally selected the inscription for the central tray of the \$1,000 silver service. It will read: "Jessie Woodrow Wilson, from the senate of the United States."

Since there were only about 400 invitations sent out all the members of the senate and house could not be invited, so the plan was adopted to invite only the party leaders, the presiding officers and the representatives from New Jersey in congress.

CANCEL TRIP FOR POODLE.

Women Grow Angry When Men Classify Dog as Baggage.

Kansas City, Mo.—A 3,000 mile trip and a winter's stay in southern California were given up by Mrs. J. C. Wilkshire and her daughter when they were told that Rags, a fat, much petted poodle, twelve years old, would have to ride in the baggage car.

Mrs. Wilkshire argued and pleaded in vain and ended the scene by turning her tickets back to the company and canceling her orders for accommodation.

PRISONERS TO KEEP NAMES.

Number System and Lettered Uniforms Abolished at Atlanta.

Atlanta, Ga.—As a result of the efforts of Warden Moyer, which have met with the approval of the department of justice, prisoners at the Atlanta penitentiary hereafter will be known by names instead of numbers, and their uniforms no longer will bear the letters "U. S. P.," branding them as United States prisoners.

Announcement of this radical departure from prison custom was made by Good Words, the paper which is edited and published in the penitentiary. While each prisoner's clothing will bear his registration number, it will be for identification only and will be concealed from sight.

REVEALS SECRET MARRIAGE.

Mrs. Phillips of New York Was Wedded Last December.

Wilmington, Del.—Mrs. Edith Sloan Phillips of 102 West Forty-first street, New York, called the Rev. George L. Wolfe by telephone and asked him to announce her marriage on Dec. 18 last to Wallace B. Phillips. The couple were wedded here by Mr. Wolfe.

"Wasn't your marriage published at the time?" the preacher asked.

"No," was the answer.

The woman would not give her reason for desiring the belated announcement. She said her husband was from Greensboro, N. C.

"Hooliganism"

If any credence is to be given to the Russian press, the condition of Russia has become akin to a "reign of terror," under what is known as "Hooliganism."

Murder and rapine are the prevailing elements in this social and moral anarchy and violence, which is producing a condition of chaos.

Magistrates and police seem powerless to check the vast wave of lawlessness which is sweeping over the Czar's country. The term "Hooliganism" is defined in a newspaper of St. Petersburg: "Hooliganism as a mass phenomenon is wholly unknown in Western Europe. The 'Apaches' who terrorize the population of London and Paris are people with an entirely different psychology from the hooligan."

Alcoholism, ignorance and political disability, no doubt, contribute towards its growth, but the fundamental cause is the lack of ideals, the absence of any moral basis.

Nothing human or divine restrains the destructive frenzy and the untrammelled will of the hooligan. There are no moral laws for him.

All over Russia is the same growth of 'hooliganism' and the terror in which the hooligans hold the populace.

It is no secret that the army of criminals increases constantly. The police are organizing in the struggle with crime, a struggle which is beyond their strength. Prisons are congested to the breaking point.

Not 'hooliganism,' but anarchy. This is the real name for the plague which has invaded the villages and is invading the cities.

A condition that calls forth such terrible pen pictures from the trammelled press of Russia must be terrifying beyond words, and gives startling proof of the degeneracy of a nation which discards the belief of centuries and is without moral or religious support.

Mud Slinging Is Preventing Our Industries From Expanding

Distrust
Has
Scared
Capital
Away

Wealth
Honestly
Acquired
Is No
Crime

By ELBERT H. GARY, Head of the United States Steel Corporation

UNNECESSARY agitation, demagoguery and mud slingings are preventing the normal expansion of the country's business and industries.

UNDOUBTED PROSPERITY FOR THE NATION LIES IN THE FUTURE, BUT AT THE PRESENT TIME DOUBT AND DISTRUST HAVE FRIGHTENED CAPITAL AWAY FROM MANY ENTERPRISES; ALSO THE TENDENCY IN PUBLIC DISCUSSIONS TO TREAT SUCCESS AS AN OFFENSE AND TO CONSIDER THE POSSESSION OF WEALTH, HOWEVER HONESTLY ACQUIRED, AS WRONG IS A PRESENT DAY EVIL WHICH IS HAVING A BROAD INFLUENCE ON THE RELATIONS OF CAPITAL AND LABOR.

Capital, always timid, has been SERIOUSLY AFFECTED by this unreasonable and uncalled for agitation and attack. It is becoming almost impossible to obtain on fair terms, on good security and at a reasonable rate of interest the nec-

essary capital to equip or liberally maintain going and successful properties, to say nothing of the additions and extensions which the interests of this great and growing country demand.

The stability of business, which is essential to its proper and reasonable growth and success, has been INTERFERED WITH. Our great and growing population can use our products. It needs food and clothes and material to build, and it is willing and anxious to buy them. It is in need of railroads and ships with the best equipment to carry these products from one point to another, and it is willing to pay fair rates for the service. Laborers are willing to work at a reasonable wage, and employers are anxious to furnish work and to pay liberal compensation. Producers in all departments of industry wish to satisfy the demands for their products at fair prices. And those who are able are quite READY TO FURNISH THE NECESSARY CAPITAL provided they can be certain of protection against loss or

Poetry For Today

MY JEWELS.
(For the Transcript)

O Lord, I hold most truly dear
Those friends thy love has given,
Who once were toilers with me here,
And now they rest in heaven.

I own they were but jewels lent,
Sent from thy hand to me
To teach my doubting temperament
How pure thy gold can be.

But while they were set round with
years,
I thought them wholly mine

Yet Lord, I praise thee in my tears
That they are mine and thine.

Thine to possess and keep for me
Through all "the little while"
Till I again their beauty see,
And greet their gentle smile.

And so I lay each jewel by,
Nor grieve and grieve again,
Content, since it shall ne'er come nigh
Earth's tarnishment of pain.

But in my mansion-home above
It shines with sweet surprise,
Disclosing there a mortal love
Fit for immortal eyes.

—John Philo Trowbridge

Weather Report

Washington, D. C., November 20.—Ohio—Generally fair Thursday and Friday. Somewhat colder Thursday in north; moderate to brisk south-west and west winds.
Kentucky and Tennessee—Fair Thursday and Friday.

FISKE THREATENS TO SUE DEFAMERS

Clubman Not Identified as Bandit Who Held Up Trains.

San Francisco, Cal., Nov. 20.—The Southern Pacific detectives are put in a peculiar position by the failure of railroad officers and others whom they expected to identify Edward Fiske, a clubman of Burlingame, as the bandit who committed several daring holdups on the line during the last week.

Fiske admitted that he had to leave Detroit because he was caught stealing money from the lockers of an athletic club to which he belonged. He also could not explain how he makes a living, except to say that he sells automobiles on commission. The railroad company arrested him as a suspect, but the conductor of one train that had been robbed and the mail clerks of another on which he is suspected of looting the mail car have refused to identify him positively.

Fiske, who was granted a writ of habeas corpus, now declares he will sue the Southern Pacific for damages for his arrest and humiliation.

INTERESTING BITS OF NEWS

(By John E. M. Kerr.)

Under a ruling of the postoffice department the Thanksgiving turkey may be shipped by parcel post if it does not weigh more than 20 pounds and is not more than 72 inches in length. It may also be sent more than 150 miles from the starting point. As turkeys are rather scarce in the towns and cities farmers are generally sending them by parcel post to their friends.

"Ford's Folly" is what they used to call the gasoline engine of Henry Ford when he was assistant engineer at the Edison Illuminating Company plant in Detroit. He was a Michigan farm boy but he always liked machinery and had long dreamed of this engine. He is now to pay the third largest income tax in the world, it is said. He brought his ideas of the engine to success and began to manufacture automobiles. He is a great lover of nature and harks back to his early days in the ownership of a large farm, part of which is entirely given over to birds and animals.

One of the significant developments of the evening high school for men in New York is the teaching of shorthand in Spanish. It is expected that the opening of the canal will cause such an advance in trade with South America that Spanish stenography and commercial correspondence will be in demand. The teachers have all been in active South American trade.

North Carolina once was really famed for its gold. In 1804 it was the only state in the Union in which gold was obtained, for the western El Dorado was not yet known. A 28 pound nugget was found there in 1803 and in 1799 a 17 pound nugget was an amazing treasure. During the first half of the 19th century it was a mining state of first importance. Then the output dwindled and in 1902 the total minerals had fallen in value to less than \$100,000. In 1908, however, there were over \$2,000,000. In 1837, Charlotte, N. C., supported a branch mint owing to the extreme difficulty in transporting the gold to the mint at Philadelphia.

The first big sale of Philippine timber has just been announced by the bureau of insular affairs of the war department. The forest officers of the Philippines state that the islands contain 200 billion feet of merchantable timber and are offering a 20-year concession which gives exclusive rights to a tract comprising 95,000 acres, which contain nearly 2 billion board feet of timber. It is required that the successful bidder keep up a certain minimum output which starts with 15 million board feet and increases to an ultimate output of at least 21 million per year. Modern equipment must be provided and also a complete fire patrol system for the prevention of fires and trespass.

The great advance in the manufacture of iron and steel is shown in the newest steel mills of the United States Steel Corporation, located near Superior, Wis. Before the plant is finished \$30,000,000 will have been expended. The plant covers 1600 acres of land along the St. Louis river and is about 2 miles from the city limits. A belt line railroad 14 miles long extends from the plant around the city of Superior to the docks of the steel corporation. The plant will produce rails, channels, shaper, bar, billets; in short all the usual products of a merchant mill. 90 ovens will be used in making coke tar, ammonia, and other chemicals while a vast quantity of gas produced will be utilized in gas engines and as fuel in the blast furnaces. Mammoth electric cranes have been installed, several of which are built to handle 200,000 pounds at a load.

The post office department has no authority to discontinue the sale of postage stamps through slot machines maintained in hotel lobbies, stores, news stands or other places of business, according to a decision reached by the postmaster general.

Mrs. Satterlee, of New York, a daughter of the late J. P. Morgan, has supplied funds to equip a model flat for St. George's Memorial House for the purpose of providing a suitable place where girls may be taught housekeeping and make the city girls competent housewives. The course of instruction covers 26 weeks.

A GLIMPSE BACK THROUGH YEARS

(John E. M. Kerr.)

June 27, 1872.

Read at the Pioneer Picnic:
This wilderness was our abode,
Full forty years ago;
And when we wished good meat to eat,
We shot the buck or doe;
For fish we used the hook and line,
We pounded corn to make it fine,
On Johnny cake our ladies dined,
In this new country.

Our paths were through the winding road,
Where oft the savage trod;
They were not so wide, or scarce a guide,
But all the ones we had;
Our homes were built of logs of wood,
Built up in square and calked with mud,
If the bark was tight the roof was good,
In this new country.

The Indians oft times made us fear
That there was danger night;
The shaggy bear was oft times where
They heard our children cry;
The rattle snake our children dread,
Our fearful mothers oft times said
Some beast of prey will take my babe,
In this new country.

Our occupation was to make,
The lofty forest bow;
With axes good we chopped our wood,
For well we all knew how,
We cleared the ground for rye and wheat,
For strangers and ourselves to eat,
From the maple trees we drew our sweets,
In this new country.

Of deer skins we made mocassins,
To wear upon our feet;
For checkered shirts we thought were fit,
Good company to meet;
And when we wished a visit to pay,
In winter's night or winter's day,
The oxen drew our ladies' sleigh,
In this new country.

We lived in social harmony,
We drank the pearly stream;
No doctor, priest or lawyer then,
Was scarcely to be seen;
Our health it needed no repair,
No pious man forgot his prayer,
Oh, who would be a lawyer there
In this new country.

The little thorns bore apples on,
When mandrakes they were gone;

YOU TAKE OUR WORD
AND WE'LL TAKE YOURS

Your word is enough. If any of the

REXALL REMEDIES

does not entirely satisfy we'll return your money without question.

Blackmer & Tanquary, DRUGGISTS
The Rexall Store

And sour grapes we used to take
When frosty nights come on;
For wintergreen our girls did stray
For butternuts, boys climbed the tree,
And spice wood was our ladies' tea,
In this new country.

MUCH MARRIED

Telegrapher Said to Have Several Wives, One in Newark.

Pontiac, Mich., Nov. 20.—David Devine, who married Eleanor Mae Nolan of this city when he is alleged to have had wives in different cities, was arrested at Cleveland. Devine was a telegraph operator here and in Detroit. It is said, under assumed names, Devine had married girls in Pontiac, Newark (O.), Philadelphia, Chicago and New York. He was trapped by means of a decoy letter.

TO REBUILD WASHINGTON HOME TELEPHONE SYSTEM

Contractors McMeen & Miller, of Chicago Will Have Charge of Construction of New Plant Here, According to Information Given Out By President Davis.

Pleasing News for Washington and Fayette County Citizens Who Have Long Wished for Modern Equipment of Local Phone System.

NEW AUTOMATIC PHONES MAY SUPPLANT THE OLD.

Improvement Costing Tens of Thousands of Dollars Is Expected to Start in This City Within Short Time—No Consolidation With Bell Anticipated for Several Years.

From Columbus comes the announcement upon good authority that the entire plant of the Washington Home Telephone Company is to be rebuilt and brought up to a splendid standard of efficiency, and that the work will be under the supervision of the well known contractors, McMeen and Miller, of Chicago, who were in this city some little time ago and made a careful examination of the entire system of the company in this city and county.

The local company is a branch of

the Columbus Citizen's Telephone Company, as a result of a deal made some three or four years ago when the Morgan interests purchased a number of independent companies throughout the state.

Just when the work will start here, has not been announced, but the new system will probably be the automatic, and a large amount of the wiring in the central part of the city will be placed underground.

What the result of the new system will be in connection with the Bell plant in this city and county, is merely a matter of conjecture, but a consolidation of the two plants is not at all probable for a few years to come, although it is rumored that a consolidation will eventually be brought about.

Regarding the rebuilding of the local plant, Ed M. Tharp, formerly of this city, in Thursday's State Journal, says:

"That independent telephone companies of this state are by no means biding the time when they may absorb or be absorbed by their competitors, is made plain by the extensive program of reconstruction, extension and improvement that is being worked out. Announcement was made

yesterday by President Frank A. Davis of the Columbus Citizens Telephone company that the plant owned by this company at Washington C. H. is to be completely rebuilt and extended. It is expected that when the reconstruction is finished, the plant will be one of the best equipped in the state. In that city the Bell interests have been aggressive in making improvements and extensions and has been a strong competitor. The independent plant has experienced a healthy growth, and, when rebuilt, will provide a much higher standard of service.

The reconstruction will be under the supervision of the telephone engineering firm of McMeen & Miller of Chicago. This is recognized as one of the foremost firms in this field. The plans for the reconstruction have been made by President Miller of the engineering concern and the work will be under his personal direction. McMeen & Miller have been contracted with to make an investigation and tests of the properties of a large number of the leading independent plants of the state, particularly where there is Bell competition, and prepare plans for the development of the properties.

The local plant of the Citizens Telephone Company will be thoroughly tested by the engineers and its service and development possibilities investigated. McMeen & Miller's telephone experts were brought to Ohio shortly after the flood, and it is expected they may be engaged in this state for the next year or two in rehabilitating or mapping out development for independent properties."

POOR GRASSHOPPER IS UNABLE TO HOP

Sedalia has not beheld a Grasshopper train since last Saturday, and previous to that the trains had been few and far between for a week or ten days. As a derailed car stands between Jeffersonville and Sedalia, and has been there, blocking the track for several days.

No coal, express, freight, or anything has reached Sedalia over the road since Saturday, and the outgoing corn and stock at Bookwalter and Sedalia is no longer "outgoing". It is "incoming."

Jeffersonville merchants are also protesting because a freight car containing perishable goods from the Dahl-Millikan company of this city, was set off at the lower end of the yards Tuesday morning and could not be reached until Thursday morning.

NEW TIME CARD ON THE B. & O.

Some radical changes in the time of passenger trains on the B. & O. railroad go into effect Sunday, November 20th.

Beginning November 30th, west-bound passenger train due here at 8:23 a. m., will arrive 44 minutes earlier, or at 7:39 a. m.

East-bound passenger train No. 108, due here at 4:35 p. m., will arrive at 5:53 p. m., or one hour and 18 minutes later than at present.

East-bound train No. 106, due here at 11:06 p. m. will be sixteen minutes earlier, arriving at 10:50 p. m.

PLAN TWO CLASSES OF LOCAL WOMEN

All women interested in the physical culture class just starting in this city will be present at the K. of P. building tonight at 8:30 for the opening exercises of the class, or for making arrangements to enter an afternoon class which will be formed to accommodate those who cannot attend the night class.

Three or four score women will probably take part in the first actual work of the class which will take place under the supervision of Physical Director McClung, who is regarded as one of the best directors in the state.

ATTENTION.

Comrades of R. B. Hayes Post, G. A. R., regular meeting Friday evening, November 21 at 7 o'clock. A full attendance desired as officers to be nominated and other important business to transact. By order B. H. MILLIKAN, P. C.

W. H. HUGHES, Adjt.

HAND FROM THE DARKNESS SIEZES WOMAN'S CLOTHING

Mrs. Jerome Taylor, Residing on the Circleville Pike, Has Horrifying Experience Last Night.

HURLS PLATE AT BRUTE WHO GRABBED HER APRON.

Entire Neighborhood Aroused Over Repeated Attacks Made by Unknown White Man Who Has Been Skulking About Under Cover of Darkness Frightening People Almost Out of Their Wits—Threats of Rough Handling Made If Man is Caught at His Nefarious Work.

The entire neighborhood of the Taylor Dairy, east of this city on the Circleville pike is greatly aroused over the actions of some unknown white man who has been prowling about after nightfall, and threats of rough handling are freely made, if the man is captured in his nefarious acts.

His latest nocturnal visit was made Wednesday evening shortly after night-fall, when he crept himself just outside the doorway at the residence of Mr. and Mrs. Jerome Taylor, and when Mrs. Taylor stepped outside with a plate of food for the cats, the villain seized her by the apron and nearly frightened her into hysterics.

Mrs. Taylor had thrown open the back door and stepped out upon the walk with the plate in her hands, when a hand from out the darkness suddenly reached across the light pouring through the half open door, and seized her by the apron.

With a scream Mrs. Taylor tore herself free from the muscular hand which had seized her, and hurling the plate at the brute, she sprang through the doorway back into the house, while the rascal who had seized her fled in the darkness and made his escape before Mr. Taylor, who had been summoned by his wife's screams, could successfully pursue him.

Mrs. Taylor became ill from the nervous shock and was unable to sleep the remainder of the night, and Thursday morning was still very nervous from her fright.

Soon after the affair had happened Mr. Taylor summoned an officer from this city, and although the officer made a careful search about the neighborhood he could locate no suspicious characters.

A stranger has been hanging about the neighborhood for several days, it

seen the fellow skulking about after night-fall, and all are anxious to capture the man and bring him to justice.

YOUNG MEN'S CHORAL CLUB.

The Young Men's Choral club will have as its object the training of young men in vocal music and a social and athletic side, which will be an earnest endeavor toward the uplift and a high standard of living at all times. The object of benefit given by Mr. Charles Johnson at the Wonderland, November 21st, is to create a fund to furnish suitable and modest quarters for the club. If you are in sympathy with the movement purchase a ticket of the young men when they call on you.

Mr. L. F. Thomas, of New Holland, is a business visitor here today.

is so near four score, being 76 the 22nd of this month, that he is licensed to make the third.

The day was much enjoyed, as was also the excellent dinner.

Mr. Deere held quite a successful sale, disposing of his farm stock and implements in order to move to town.

TAKEN TO HOSPITAL

Mrs. R. R. Kibler entered the Hodson hospital Thursday to undergo a severe operation Thursday evening or Friday morning.

THREE OCTOGENARIANS

A gathering of three octogenarians is indeed something out of the ordinary, but it happened Tuesday at the home of Mr. John Deere, on the Snowhill pike.

It was the day of Mr. Deere's sale and taking dinner with him were Mr. C. H. Johnson, of Selden, 84 years of age, and Mr. Thos. Wellington, of Staunton, 85 years old. Mr. Deere

ENTERTAINS W. C. T. U.

Mrs. Luther Cockerill and Mrs. Frank E. Haines gave hospitable entertainment to the Sugar Grove W. C. T. U. Wednesday afternoon at the home of the former.

It was "Mothers' Meeting Day" and there was a large attendance.

Interesting readings were given by Mrs. Haines, Mrs. Clark Post, Mrs. Harry Silcott, Misses Edith Moore and Ivah Haines.

HITE ROAD LAW PASSES COURT

Road Fund Must Be Raised By
Taxes Levied This Year.

SO RULES OHIO SUPREME COURT

Contention of the Hamilton County Budget Commissioners Not Sustained and They Are Ordered to Make the Road Levy—Decision Means That Half-Mill Special Tax Must Be Included in Current Levies.

Columbus, O., Nov. 20.—Ohio's supreme court has decided that the sum of \$3,400,000 for market roads must be raised by taxes to be levied this year. The court ordered the issuance of a peremptory writ to the Hamilton county budget commissioners to make the half-mill road levy as required by the Hite good roads law. In so doing the court not only held that the half-mill special tax must be included in this year's levies, but held the Hite law to be constitutional and valid. This important decision was concurred in by all the members of the court except Judge Wanamaker, who did not participate in the case.

In June the Hamilton county budget commissioners, namely, Mayor Hunt, Prosecuting Attorney Thomas L. Pogue and County Auditor R. E. Edmundson, refused to make this levy, on the ground that the Hite law was subject to referendum and so would not become operative until after the expiration of the time within which the budget for 1913 must be taxed.

State Auditor A. V. Donahey brought suit to mandamus the budget commission. Attorney General Hogan, Special Counsel Clarence D. Laylin and Smith W. Bennett, counsel for Mr. Donahey, contended that the Hite law, as it made a tax levy, was exempted from referendum, and was in operation at the time the various budget commissions met in their respective counties in June.

The law was enacted April 15. It levies one-half mill tax, wholly outside the Smith 1 per cent tax limit, for a state highway improvement fund, 75 per cent of which is to be used by the state highway department for construction, maintenance and improvement of highways; 25 per cent to be used to build "main market roads." Most of the county budget commissions made the levy provisionally.

The Hite tax is in addition to all other levies and is outside both the 10-mill and 15-mill limitations.

Mayor Cured; Skin Cleared By D. D. D.

Mayor Chapman of Ellis, Kansas, courteously says he will answer any letters written him relative to his truly marvelous cure of skin trouble with the D. D. D. Prescription.

Mayor Chapman writes: "I think how I suffered last winter, how I could do no work. I was covered with terrible blotches, sometimes weeping water, sometimes worse, blotches sometimes 10 inches in diameter. FEARFUL ITCHING. It was only accidentally that I learned of the famous specific D. D. D. I write this in all gratitude for what D. D. D. has done for me." Results from the use of D. D. D. are immediate. The first, soft, cool touch and the itch is gone!

Pimples, rashes, dandruff, disappear over night. Hard crusts and scales, raw scorching sores, salt rheum, tetter, no form of skin disease resists. All druggists have this famous specific on hand.

If you will come to us we will sell you the first bottle on the guarantee that it will reach your case or your money refunded. You alone to judge. Ask also about D. D. D. Skin Soap, best for tender skin.

CLAIM THE C. & O. WILL GET D. T. & I.

From Ironton comes the information that the C. & O. will soon complete a deal for taking over the D. T. & I. railroad in order to take a direct route to the Great Lakes may be secured.

It is further claimed that the engines recently "loaned" to the D. T. & I. by the C. & O. will never be returned to the C. & O. and that as soon as the deal is completed, improvements will be made on the D. T. & I. and through trains run over the two roads.

For some time the rumor has been afloat that the C. & O., of which D. T. & I. Receiver George P. Johnson, is general manager, has been after the D. T. & I.

C. & O. engines are now passing through this city over the D. T. & I. every day.

COCKEREL DEMAND EXCEEDS SUPPLY

Owing to the fact that the demand for White Leghorn cockerels from the poultry department, Ohio State University, has far exceeded the supply, many of the requests already received and further requests will have to be turned down. Soon after the announcement went out through the extension department that pure bred cockerels could be secured from the University at a cost of 50 cents and express charges, hundreds of requests poured in from both country and city districts. As the plan of the offer was to distribute better blood among farmers' flocks, those sent out were delivered to the rural districts and distributed as fairly as possible. This number, however, could in no way fill the flood of orders which were received and many will have to be returned to the people who sent them.

Catarrh Cannot Be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly upon the blood and mucous surfaces. Hall's Catarrh Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrh. Send for testimonials, free.

FIRST TRIP OF MOTOR BUS SATURDAY

Mr. Geo. W. Baker, of this city, states that the first trip of the motor bus between Jeffersonville and South Charleston will be made Saturday instead of Friday, as the paint on the vehicle had not dried as quickly as anticipated.

The buss will arrive from Springfield in time to leave Jeffersonville on its first trip, at 12:00 o'clock Saturday, and thereafter will make two round trips in the forenoon and three in the afternoon.

A number of other traction owners will be on the bus on its initial trip, with a view to installing a like service to "feed" their lines.

The new bus is a beauty and cost approximately \$5,000.

If the venture proves the success that is expected, Mr. Baker may extend the service to this city by adding another bus to his equipment.

SUES TRUSTEES

Ada, O., Nov. 20.—Daniel Best of Pitsburgh, Pa., has filed suit against the trustees of the Ohio Northern university here for damages for injuries suffered from the premature discharge of a cannon on the campus of the college on May 3 last. Best was assisting in firing a salute to Governor Cox and received a blast of flame in his face.

WASHINGTON C. H. DRUGGIST HAS VALUABLE AGENCY

F. Christopher, druggist, has the Washington C. H. agency for the simple mixture of buckthorn bark, glycerine, etc., known as Adler-i-ka, the remedy which became famous by curing appendicitis. This simple remedy has powerful action and drains such surprising amounts of old matter from the body that JUST ONE DOSE relieves sour stomach, gas on the stomach and constipation almost IMMEDIATELY. The QUICK action of Adler-i-ka is astonishing. Adva.

TAFT JIBES AT PRES. WILSON

Sees Things to Criticise in President Wilson's Policy.

New York, Nov. 20.—Speaking on the subject "Holding the Philippines" before the Brooklyn Institute of Arts and Sciences, ex-President Taft attacked the policy of the Wilson administration. He said Filipinos and not Americans had been consulted in framing the administration's policy. Mr. Taft said he feared the inauguration of the spoils system. He added many useful officials had been cut off.

Mr. Taft concluded with the statement that, in his belief, the great mass of the Filipino people—the uneducated majority, which must be protected—is not ready for self-government and will not be ready for another generation, in all probability.

Doctor Montessori Coming.

New York, Nov. 20.—Dr. Mary A. Montessori, founder of the Montessori method of teaching, is going to visit America. She will arrive from Rome on Dec. 3, in company with S. S. McClure, who has been much interested in her work. In Washington Dr. Montessori will deliver the first of a short series of lectures which has been planned for her under the auspices of educational and civic bodies in not more than 12 of the larger cities of the east.

Henry Severson, 65, wealthy mining man, caught in a bear trap in the mountains near Embudo, N. M., was killed by wild beasts.

Glasgow steamer Scotsdyke burned in the English channel. Passengers and crew were rescued by the British battleship Iron Duke.

ON COMMITTEE TAFT MAY LAND

Connecticut Member of Republican National Committee.

Hartford, Conn., Nov. 20.—According to information secured from one of the leaders of the Republican party in this state, ex-President William H. Taft, who has been a citizen of New Haven since he assumed his professorship at Yale, is most likely to be chosen as Connecticut member of the Republican national committee to succeed Charles F. Brooker, who is about to retire. There are several others, however, mentioned to succeed Mr. Brooker.

CARRY FIGHT TO THE FLOOR

Both Wings of Currency Com-
 mittee Complete Their Bills.

LONG CONTROVERSY ENDED

Democratic Steering Committee to
 Consider Advisability of Calling a
 Party Caucus On the Money Meas-
 ure—Bills Framed by the Members
 of the Currency Committee in the
 Hands of the Public Printer.

Washington, Nov. 20.—The outlook
 is favorable for an agreement in the
 senate committee on banking and cur-
 rency that will end the long contro-
 versy over the currency bill in com-
 mittee and transfer the fight to the
 floor of the senate.

Both wings of the committee have
 practically completed their bills. The
 six Democrats, who represent the ad-
 ministration's view, will propose to
 the other wing, made up of the Re-
 publicans and Senator Hitchcock of
 Nebraska, that the members join in
 a statement to be made to the senate
 reciting the fact that they are evenly
 divided and unable to agree and ask-
 ing leave to submit the two bills in
 the senate.

When Senator Hitchcock and Sen-
 ator Bristow learned that the admin-
 istration senators contemplated such a
 move they intimated that it probably
 would be favorably received, and that
 an agreement would result.

Both factions of the committee
 seem anxious to turn the subject mat-
 ter over to the senate. The Demo-
 cratic steering committee will con-
 sider the advisability of calling a
 party caucus on the currency bill.

Both bills framed by the members
 of the currency committee of the sen-
 ate are in the hands of the public
 printer.

GOV. COX WARMLY ATTACKS HANNA

Makes Serious Accusations Against
 the Cleveland Millionaire.

Delphos, O., Nov. 20.—In an address
 here Governor Cox accused Dan R.
 Hanna, the Cleveland millionaire and
 publisher, of being, with his money,
 behind the attacks on various legisla-
 tive measures of the present state ad-
 ministration. Referring to Mr. Hanna
 as the "Mad Mullah of Ohio politics,"
 the governor charged him with hav-
 ing used money to procure a perjured
 statement reflecting upon the state
 administration in its campaign against
 the Ohio Equity association. Governor
 Cox further accused Mr. Hanna of
 now being in a conspiracy to buy his
 way into the United States senate.

 Aches of the Back or
 Joints, Chilblains,
 Frosted Feet and
 Colds (it prevents Pneumonia.)
 Doctors and nurses frankly recom-
 mend MUSTEROLE as a substitute short space of time.

A Full Blooded Sioux Who Plays on Carlisle Eleven

Lockaround of the strong Carlisle Indian football eleven is a full blooded Sioux who has all the splendid physical qualities of his fighting fore-
 fathers. He plays end and tackle with equal celerity. Coach Warner considers him one of the best forwards in the land.

NATIONAL CONVENTION OF DENTISTS EARLY NEXT MONTH

Columbus, O., November 20.—That the care of the teeth is rapidly becoming a more important phase of public health work is indicated by the fact that prominent men outside as well as in the dental profession will address the forty-eighth annual meeting of the Ohio State Dental Society, which opens in Toledo, December 2.

The program for the three-days sessions was made public today by Dr. Frank R. Chapman, of Columbus, secretary of the society.

Governor James M. Cox will speak Wednesday evening, December 3, at the Health and Science dinner conference, on "State and Dental Science—How Each Can Help the Other." His address will follow that of Dr. Homer C. Brown, of Columbus, president of the National Dental Association, whose appointment to membership on the State Board of Health by Governor Cox was the first substantial recognition by the state of the importance of the dental phase of public health work.

Two well-known men will speak at the same conference, Dr. Victor C. Vaughn, dean of the medical department of the University of Michigan, and president-elect of the American Medical Association; and Dr. E. F. McCampbell, of Columbus, executive officer of the State Board of Health.

The dental profession in addition to Dr. Brown will be represented on

the conference program by Dr. Weston A. Price, of Cleveland, president of the state society, and Dr. Edward C. Kirk, of Philadelphia, well-known editor and dean of the dental department of the University of Pennsylvania.

Owing to the importance of the gathering from a public health standpoint, the State Board of Health will hold its regular November-December meeting in Toledo, December 3, in order that its members may attend this session.

The spire of an old church in Eng-
 land has been twisted into an almost
 spiral form by the unusual construc-
 tion and expansion of the lead and
 wood of which it is constructed.

Joseph F. Swords, Sul-
 phur, Oklahoma says:
 "Your Musterole is
 very efficacious. It
 has done away with my Rheumatic
 pains and aches in a wonderfully
 short space of time."

TENER HEADS BIG LEAGUE

Philadelphia, Nov. 20.—John K. Tener, governor of Pennsylvania, accepted the presidency of the National Baseball league, tendered to him in Harrisburg by National League man-
 agates. The governor will hold office for four years, during which time, it is understood, he will draw a yearly stipend of \$15,000. The governor, however, in accepting the presidency of the league, made it understood that he would not resign as executive of the state and that he would not give his undivided time to the league until his term as governor expired. During his time as governor of the state he will not draw any salary from the National League.

NEW GRIDIRON STARS.

Youngsters Now Shining on Big Col-
 lege Elevens.

That there is splendid quality in many of the newcomers in big college football this year has been demon-
 strated at Yale, Harvard and Prince-
 ton, where these youngsters have de-
 manded consideration in early games
 because of their speed, resourcefulness
 and nerve.

It is necessary only to glance over
 the reports of recent games to see how
 gallantly some of the aspiring lads
 have fought, and how thoroughly they
 have met the demands of "new foot-
 ball." All were freshmen last year,
 and some of them were selected over
 veterans for the initial games.

In Guernsey, captain of the fresh-
 man team last year, it would seem that
 Yale had found a fine drop kicking full-
 back. In the game with Holy Cross
 this boy made the old timers gasp in
 astonishment when he performed the
 unexpected even as Pampelly did last
 year when he kicked the goal from the
 field that tied the score with Prince-
 ton. The generally reliable Ketcham
 made a poor pass to Guernsey after
 Yale had carried the ball to the twelve
 yard line. Guernsey was standing on
 the twenty-two yard mark, ready to
 try a goal from the field. The ball,
 snapped back by the captain, went
 over his head. But, quick as a flash
 this new Eli turned, snapped up the
 ball and coolly sent it over the bar
 as the opposing forwards charged on
 him. Guernsey also made the forward
 pass with great skill and carried the
 ball "outside of tackle" with speed and
 power.

Young Mahan's playing for Harvard
 has been one of the features of the
 early season. He is very clever in the
 open field and dangerous to the other
 fellows in end running. He follows
 his interference beautifully, picks holes
 like a veteran and is perhaps the deet-
 est of foot in the stadium. He made
 a great name for himself at Exeter be-
 fore he entered Harvard and is likely
 to get much more reputation this year.

As freshman captain last year his all-
 round work was commended by the
 Crimson gridiron leaders.

Apparently Princeton has three great
 men in Glick, Law and Heyniger, who
 are playing on the varsity for the first
 time. All were freshmen last year.

Glick was the star in the game with
 Rutgers. He tore through tackle and
 sprinted sixty yards to a touchdown.
 Law made the first scoring possible by
 a twenty-five yard end run, which was
 followed by a forward pass by Brown
 (also a freshman last year), to Hobey
 Baker over the goal line.

A new clause will be inserted in the
 form of a baseball player's contract for
 the major leagues next year. It will
 prohibit a player from "writing" or

You'll soon be thinking of a way to please father and mother and friends at Christmas time. Think of Photographs. Your portrait, as you are today, will please them all.

 ting NOW before the busy
 season.

Delbert C. Hays

THE Photographer In This Town

selling the use of his name to news-
 papers or other publications during the
 playing season. This is the result of
 the national commission's crusade
 against player-authors, which has re-
 ceived the indorsement of John Mc-
 Graw among others.

From all accounts Pittsburgh uni-
 versity is likely to be heard of in the
 swimming game this season. The
 Smoketown institution has gathered
 into its fold several of the leading pad-
 dlers of the district and will give
 them every opportunity to improve.
 Meets with clubs and rival colleges
 are already being negotiated for.

No event that could happen would
 give the powers that be in the Ama-
 teur Athletic union greater pleasure
 than the development in this country
 of a real "nine-three" sprinter. The
 circumstances attending the efface-
 ment of Duffey's work from the re-
 cord books, and the general doubt cast
 upon the timing that gave Dan Kelly
 credit for running faster than any am-
 ateur that ever lived, have made the
 93.5 seconds record a sore spot, and
 the quicker some athlete comes along
 with a genuine performance like that
 the better athletic officialdom will
 like it.

Harry Clark, third baseman, who
 piloted his team to the top of the
 American association this year, has
 signed a two year contract as manager
 of the Milwaukee team. Mrs. Agnes
 Havenor, owner, refused to divulge the
 terms of the contract.

SCOOP The Cub Reporter And Still They Hand Scoop "That Small Town" Talk By "Hop"

Jim Gets a World View Of the Y. M. C. A.'s Work

Learns That Uncle Sam Himself Provides Buildings for Y. M. C. A. Work Down on the "Big Ditch" and That the "Hot" Reception Which Once "Cooked" Missionaries Has Been Cooled by Y. M. C. A. Work.

When a feller just gets to look at the same old thing every day in the same old town he is hardly big enough to imagine something that can encircle the globe in its mission of help and love. It's hard enough to imagine the world bigger than Fayette county, for we have an idea we are the "whole cheese."

I wanted to know something about the bigness of the Y. M. C. A. and so I went in to ask questions of the secretary at the Y. M. C. A. He told me yesterday he supposed I was the worst feller to ask questions he had ever seen.

Now the bigness of the thing is this way. There are two organizations known as the World's committee, and its business is to shape the policies for the work of the Y. M. C. A.'s throughout the world, and they handle their work through two committees known as the International committee of Y. M. C. A.'s for America, and another for Europe. They in turn take up these policies and work them out through the State committees and they on down to the association in the towns and cities and even the remotest parts of the states. Now there are associations for the city, for the county, for the colored men, students in college, railroad men, trolley men, high school boys, army and navy men, lumber men and those employed in construction camps.

The U. S. government constructed 8 buildings on the Isthmus of Panama and pay all its running expenses. So

you see what Uncle Sam thinks of it. The large ships that ply our deep waters nearly all have a secretary traveling with them, all the big ports of the world have Y. M. C. A. men there to assist the immigrants and give them information they will need upon their arrival at their destination.

Think of our railroad companies spending thousands of dollars to keep up the Y. M. C. A. along their roads that their men might be thrown in the best possible influences. Then the big companies doing construction work, have a couple of coaches fitted up on their trains and these are used for the association work. Oh it's a big movement. Helen Gould gave a big yacht for the work along the Yukon river in Alaska. Fitted with moving picture machine, victrola, game room and reading room, etc. It touches the little towns along the river and gets the men aboard and helps all it can through its different features.

Think of the hundreds of associations in China, Japan, South America, Africa and so on and so on. There is not a place, or I should say a country under the sun that does not have a Y. M. C. A. and to be a member here they tell me is to be a member everywhere you go, if you land in Africa they will give you as warm a welcome now as they do in this burg. You know that it hasn't been many years ago since they gave our missionaries such hot receptions there that it cooked the poor fellows. Well the Y. M. C. A. is at work and so long as she stays on the job there are going to be better men and boys, better homes and better towns, so I'm in for the Y. M. C. A. and I will join today. If you fellows get around and study this thing as I have you'll do the same as me.

I was told by the trustees that I did "fairly well" and so I am ending my investigations with this epistle.

Yours,
"JIM."

GUARDS FREED

By Associated Press.

Charleston, W. Va., November 20.—Indictments against Ernest Danjot, Thomas Stacy, John Tinsley, Walter Beck, and J. H. Davidson, mine guards accused of having taken part at Mucklow, during the Paint Creek coal strike in 1912, were nolleed at Lewisburg, W. Va., today. No witnesses appeared against the accused when the cases were called for trial.

TELEPHONE PLANTS BEING ABSORBED

By Associated Press.

Chicago, Ill., November 20.—Five independent telephone companies, which he said, had been purchased by the American Telephone & Telegraph Company, and thereafter operated ostensibly as still independent, was named today by W. S. Vivian, of Grand Rapids, secretary of the Independent Telephone Association, testifying in the hearing here in the government's anti-trust suit against the American company. The United States Telephone Company, of Cleveland, Ohio, and the Columbus Citizens Company of Columbus, were among those absorbed, he said.

NERVE LACKING

Expert On the Present Depression in the Steel Business.

New York, Nov. 20.—The present depression in the steel business is caused by lack of nerve on the part of those engaged in the business, according to William H. Smith, vice president of the W. M. Pattison Supply company of Cleveland, who testified at the hearing in the government's suit against the United States Steel corporation. "Nerve is lacking, not only among us, but among our customers," he said. "They seem to be afraid to buy anything but exactly what they need."

DRUGGIST SOAKED

Toledo, O., Nov. 20.—Thomas A. Huson, druggist, upon a plea of guilty to illegal sale of cocaine before Judge O'Donnell in probate court, was fined \$150 and sentenced to serve 60 days in the county jail.

WINTER ADVISES U. S. TO STAY OUT

By Associated Press.

Worcester, Mass., November 20.—Intervention should not even be thought of by the United States, declared Dr. N. O. Winter, author of several books on Mexico in an address before the Clark University Conference on Latin-America, about the fundamental causes of the present situation in Mexico. "From a standpoint of dollars and cents," he said, "it would be cheaper for Uncle Sam to reimburse all losses sustained by Americans than to incur the expense that intervention would involve. The present disturbed conditions of Mexico are probably the final transition, the dawn of a new era. The paroxysms now shaking the country in rebellions and treachery, mean the recovery of Mexico ultimately to peace and prosperity. A strong man must arise; a leader of enough force of character to draw the people to him and awe any opposing chieftain who may wish to create trouble for his own personal aggrandizement."

AT THE EMPIRE

"Freckles," a clean wholesome play, built on Mrs. Gene Stratton-Porter's beautiful story, drew the banner crowd of the season to the Empire last night.

If frequent applause is a criterion, the audience found the play all and more than had been anticipated.

PAINFUL ACCIDENT

Clark Kershner, the young son of Mr. and Mrs. Jas. Kershner, is suffering from a very painful accident, running a nail into his foot one and a half inches deep.

FITZPATRICK—JARNIGAN.

Mr. Charles E. Fitzpatrick and Miss Essie A. Jarnigan were married by Rev. Frederick E. Ross at Grace parsonage Wednesday evening.

The young couple went to house-keeping on Columbus avenue attended by the best wishes of many friends.

TOO LATE TO CLASSIFY.

COM.

American Federation of Labor, in session at Seattle, passed resolutions demanding the exclusion of all Asiatics and a literacy test for the Caucasians.

Grand Duke Alexis, the 8-year-old czaritch, was slightly injured at St. Petersburg when he was thrown from an automobile when it collided with another machine.

Kentucky "Jim Crow" law was upheld by a jury in the circuit court at Louisville, when two men were awarded damages of \$2,950 against the Chesapeake & Ohio railroad.

OHIO HAPPENINGS

Schools For Child Workers.

Columbus, O., Nov. 20.—State Factory Inspector Thomas P. Kearns, in his annual report, filed with the governor, recommends that a law be passed making it compulsory for working boys between the ages of 15 and 18 and working girls between 16 and 18 to continue their studies "in the daytime," and that special continuation schools teach manual training and domestic science particularly. He does not favor the establishment of night schools for working children.

Favor Garfield and Garford.

Columbus, O., Nov. 20.—Members of the Progressive party who were here in consultation with Walter F. Brown, chairman of the organization bureau of the national Progressive committee and head of the state organization, appeared to think the nomination of James R. Garfield for governor and Arthur L. Garford for United States senator to be probable. Chairman Brown had a talk with Governor Cox regarding appointments of county tax commissioners.

One Cent For Transfers.

Cleveland, O., Nov. 20.—As a result of the recent blizzard, which suspended streetcar traffic for three days and caused a loss of \$80,000 to the company, an announcement is expected to be made that on Jan. 1 car riders will be charged 1 cent for the transfer privilege. Heretofore a passenger could cross the city for 3 cents. Hereafter only those who do not transfer can ride for that sum.

Warden Jones' Seat Contested.

Ironton, O., Nov. 20.—Former Warden T. H. B. Jones of the Ohio penitentiary, who was elected to the Ironton city council by only two votes, faces a contest. Councilman Clarke, who was defeated by Colonel Jones, has filed a notice of contest with the city council and the hearing has been set for Friday night.

DEER FIGHT TWO HOURS.

Bucks Lock Horns Finally and Are Shot to End Sufferings.

South Orange, N. J.—After fighting for two hours two male deer belonging to the Essex county park commission locked horns on the hillside paddock at the South mountain reservation and had to be shot to end their sufferings.

It is just a year ago since a dozen named bucks and does were found on the reservation. Alonzo Church, secretary to the park commission, summoned Dr. Hornaday of the Bronx zoological garden to solve the mystery. He found that it was the season when the larger bucks become vicious, and a number of them were shot. Then two other bucks which had shown murderous dispositions were also shot to insure the safety of those that remained.

Petrified Baseball.

Norfolk, Neb.—A baseball batted into a cornfield thirty-eight years ago by E. K. Ballantyne, later sergeant-at-arms in the United States senate, was found when excavations were being made for a new building. The ball had become petrified. This was the first league baseball ever bought for North Nebraska, and the game had to be stopped because the ball was lost.

SPEIGLE ON STAND

Accuses Cincinnati Civil Service Board of Partisanship.

Cincinnati, O., Nov. 20.—The state civil service commission, composed of Chairman Samuel A. Hoskins of Wapakoneta, D. W. Brown of Findlay and C. H. Bryson of Athens, began an investigation of the Cincinnati civil service board, owing to charges made against it during the recent municipal campaign. Mayor-elect Frederick S. Spiegel was the principal witness. He read a lengthy statement, in which he accused the board of partisanship in making appointments and permitting civil service employees to engage actively in politics.

Delicious brown cakes made from Mrs. Austin's Bag Pancake Flour. All grocers.

WILL ENFORCE LAW

Columbus, O., Nov. 20.—General disapproval was expressed by state officials over the stand taken by Mayor Hunt against the liquor license act. Attorney General Hogan said the license law was the supreme command of the people of Ohio and that it would be the policy of his department to adhere to the letter and spirit of the statute in passing upon propositions raised under it.

ASKS \$50,000

New York, Nov. 20.—Charles E. Wilson, business manager for Alfred G. Vanderbilt, was served at Madison Square Garden with papers in a suit for \$50,000 damage for alleged breach of promise of marriage brought by Florence Rosser Schenck, who was named as co-respondent when Mrs. Elizabeth Wilson sued for a divorce from Vanderbilt's manager some years ago.

BODY IN BUSHES

Cleveland, O., Nov. 20.—The body of Martin Kramer, 40, was found in a clump of trees just west of the Ursuline convent here. A bullet hole through his heart and a revolver clutched in the right hand, told the story of his suicidal death. The body apparently had been there several days.

CLEVELAND WANTS IT

Cleveland, Nov. 20.—The chamber of commerce started work to secure for Cleveland the extraordinary session of the Republican national convention, which is to be held in the spring. The extraordinary convention is to be held for the purpose of reorganizing and readjusting the party.

Giant Dam and Lock Which Make Tennessee River Navigable the Year Round

Water power is playing a big part in the development of southern industries. The giant \$8,000,000 dam and lock at Hale's bar, in the Tennessee river near Chattanooga, Tenn., is a new enterprise that will vastly increase the business of a large territory and benefit navigation in the Tennessee river by raising the height of the river and keeping it at a uniform level the year round. The United States government and private capital combined to make this notable improvement, from which electric power will be supplied for many miles around. In the illustration are shown the dam and the lock, which is big enough to remind one of a lock in the Panama canal.
